544-28

Digitized by the Internet Archive
in 2015

Park Commissioners: Edward J. E. Hand, Chairman, John A. Siever, Arthur Sirrico.

Board of Health: Medora V. Eastwood, Chairman, Paul W. Bittinger, Herbert S. Maxwell.

Planning Board: Arthur E. Blackmer, George L. Gooding, Francis C. Holmes, Allen D. Russell, Amedeo V. Sgarzi.

Field Drivers & Fence Viewers: William LaRocque, Chester Torrance, Seth Wall.

Surveyor of Wood and Bark: Harold E. Giles.

Committee on Inland Fisheries: Frank L. Bailey, George L. Gooding, Howard M. Morton.

Committee on Town Forest: James A. White, John A. Kennedy, George L. Gooding.

Board of Registration: Enrico Ferrari, Walter R. Roberts, Joseph R. Stefani.

Committee on Sewers: Selectmen.

Sexton: Paul H. Ziegengeist.

Pound Keeper: Russell L. Dickson.

Sealer of Weights and Measures: Harold E. Giles.

Superintendent of Streets: Elmer C. Chandler.

Superintendent of Water Works: Theodore Brink.

Beach Committee: Selectmen.

Collector of Water Rates: Harold W. Baker.

Harbor Master: Elmer P. Boutin.

Members of Retirement Board: Russell P. Dearborn,
Herbert K. Bartlett, Cora B. Grady.

Superintendent of Oak Grove and Vine Hills Cemetery: Howard L. Priestley.

Superintendent of Chiltonville Cemetery: Charles B. Howland.

Superintendent of Manomet Cemetery: Gordon S. McCosh.

Superintendent of Infirmary: Russell L. Dickson.

Fire Commissioner: John J. Magee.

Town Engineer: Edward Chase.

Chief of Police: Russell P. Dearborn.

Tree Warden: John A. Kennedy.

Forest Warden: Everett B. Wood.

Local Moth Superintendent: John A. Kennedy.

Town Counsel: Amedeo V. Sgarzi.

Building Inspector: Thomas A. Bodell.

Dog Officer. James Raymond.

Inspector of Animals: Frederick Bradley.

Inspector of Slaughtering: Hillery J. Bergman.

Under "Shellfish", Mr. Daniel Ellis moved to strike out the figure \$1,855.00 for Salaries and \$645.00 for Expenses and the motion was carried. It was then voted: That \$455.00 be appropriated for Salaries and \$10.14 for Expenses.

Mr. Haskell's motion, as amended, was then put before the meeting and carried.

Article Eight:

Voted: That a cost of living bonus of 15%, with a maximum of \$200.00 be paid to all regular employees of the Town, except that those employees who receive a salary increase during 1947 shall receive as such bonus, only that amount which may be required to bring the amount of their increase up to the amount of the above mentioned bonus. For the purpose of this vote, step rate increases in the police and fire departments shall not be construed to be a salary increase. This bonus shall be paid in December 1947, and shall be based on 1947 salaries, and in no case shall more than one bonus be paid to any one person, and that the Town appropriate the sum of \$45,000.00 for this purpose.

Article Nine:

Voted: That an appropriation of \$11,913.00 which shall include the dog tax of \$1,776.12 be made in aid of the Plymouth Public Library.

Article Ten:

Voted: That the Town appropriate the sum of \$3,860.00 to be expended by the Plymouth Public Library for the Loring Library.

Article Eleven:

Voted: That the Town appropriate the sum of \$1,031.88 in aid of the Manomet Public Library.

Article Twelve:

Voted: That the Town appropriate the sum of \$450.00 for the observance of Memorial Day, said appropriation to be spent under the direction of the Board of Selectmen.

Article Thirteen:

Voted: That the Town appropriate the sum of \$1,200.00 for the annual observance of July 4th and that the sum of \$150.00 of that amount be expended in said observance for the sponsoring of children's sports, the whole to be expended under the direction of the Board of Selectmen.

Article Fourteen:

Voted: That no action be taken under the Article fourteen.

Article Fifteen:

Voted: That the Town appropriate the sum of \$600.00 for the observance of Armistice Day, to be expended under the direction of the Board of Selectmen.

Article Sixteen:

Voted: That the Town appropriate the sum of \$500.00 for the observance of Thanksgiving Day, to be expended under the direction of the Board of Selectmen.

Article Seventeen:

Voted: That the Town appropriate the sum of \$2,750.00 for the employment of one or more District Nurses, said appropriation to be expended under the direction of the Board of Selectmen.

Article Twenty-nine:

Mr. Walter B. Haskell moved: That the Town appropriate the sum of \$500.00 to install shower cabinet, waste water drains, and hot water at the Nelson Street Camp Ground, said appropriation to be expended under the direction of the Park Commissioners, and that said appropriation be taken from the Excess and Deficiency Fund, if approved by the Commissioner of Taxation, otherwise from the tax levy, but the motion was lost.

Article Thirty:

Voted: That the Town appropriate the sum of \$5,000.00 to be expended under the direction of the Park Commissioners for the purpose of erecting a building and installing suitable toilet facilities at the Standish Avenue playground, so-called, and substantially as shown in a plan prepared by Strickland & Strickland, Architects, entitled, "First Unit of Field House, Standish Avenue Playground", said money to be taken from the Excess and Deficiency Account provided said transfer is approved by the Commissioner of Taxation, otherwise said funds to come out of the next tax levy.

Article Thirty-one:

Voted: That the Town take no action under Article thirty-one.

Article Thirty-two:

Voted: That the Town take no action under Article thirty-two.

Article Thirty-three:

Mr. Walter B. Haskell moved: That the town authorize and instruct all departments and their heads that, in the future, all regular jobs and positions to be filled in the various Town departments be advertised at least 15

days prior to appointment, and that each person applying for such jobs or positions must state in writing his or her qualifications, etc., to the department head or board where the vacancy exists, and in all cases, with all things considered on an equal basis, a veteran must be given first preference for said job or position. Under this motion any employment for a period of 90 days or less shall not be considered as a regular job or position.

Mr. George Haire moved: That action under this article be postponed, and the motion was carried.

Mr. Haskell's motion was then put before the meeting, and as amended, was carried.

Article Thirty-four:

Voted: That the Town authorize the Water Commissioners to sell or otherwise dispose of any equipment or material owned by the Water Department and deemed by the Water Commissioners to be obsolete and of no further use to said department.

Article Thirty-five:

Mr. Walter B. Haskell moved: That the Town take no action under this article.

Mr. Edward R. Belcher moved: That the Town authorize the Water Commissioners to purchase from John H. Faulkner, a parcel of land at Little South Pond and bounded substantially as follows: Beginning at the shore of Little South Pond at the Northeast corner of said lot; thence running Westerly to the road to a stone bound which marks the Northwest corner of said lot; thence running Southerly on said road, 100 feet to a stone bound forming the Southwest corner of said lot; thence running Easterly to the shore of the pond; thence running Northerly along the shore of the pond to the point of beginning; and appropriate the sum of \$1,600.00 therefor to be taken from the Excess and Deficiency Account; said John H. Faulkner to retain ownership of the buildings upon said land and to remove said buildings from the premises.

the Oak Grove and Vine Hills and Manomet Cemeteries, and that \$2,000.00 of this amount be used for Oak Grove and Vine Hills Cemetery and \$500.00 for the Manomet Cemetery.

Article Forty:

Voted: That the Town take no action under Article forty.

Article Forty-one:

Voted: That the Town appropriate the sum of \$15,000.00 for the purpose of dredging the mooring basin, so-called, adjacent to, and Southeasterly of the State Pier in Plymouth Harbor, said fund to be expended only in the event that the Commonwealth of Massachusetts makes available for such purpose an equal sum, the Town to assume liability as provided by General Laws, Chapter 91, Section 29, and that this appropriation be taken from the Excess and Deficiency Account if approved by the Commissioner of Taxation, otherwise from the tax levy.

Article Forty-two:

Mr. Walter B. Haskell moved: That the Town take no action under Article forty-two.

Dr. E. Harold Donovan moved to amend Mr. Haskell's motion by substituting the following: That the Town authorize the School Committee to replace boilers in the Hedge School and install heating equipment in connection therewith and appropriate therefor from the Post-War Rehabilitation Fund the sum of \$22,000.00. The count was taken by show of hands. 321 voting in the affirmative and 196 in the negative, the motion was carried.

Mr. Haskell's motion, as amended, was then put before the meeting and carried.

Article Forty-three:

Voted: That the Town take no action under Article forty-three.

Article Forty-four:

Mr. Walter B. Haskell moved: That the Town take no action under Article forty-four.

Mr. Herbert H. Lanman moved to amend by substituting the following motion: That the Town appropriate the sum of \$45,000.00 for the necessary repairs to the sea wall along Water Street in accordance with a report of Fay, Spofford & Thorndike, said money to be taken from money not otherwise appropriated, but the motion was lost.

Mr. Haskell's motion was then put before the meeting and carried.

Article Forty-five:

Voted: That the Town take no action under Article forty-five.

Article Forty-six:

Voted: That the Town appropriate the sum of \$500.00 to complete work on fish ways in Town Brook and that this appropriation be taken from the Excess and Deficiency Fund, if approved by the Commissioner of Taxation, otherwise from the tax levy.

Article Forty-seven:

Voted: That the Town appropriate the sum of \$500.00 to defray any expense which may be incurred by the Special Committee created by vote of the Town under Article 77 of the Annual Meeting of 1946.

Article Forty-eight:

Voted: That the Town take no action under Article forty-eight.

Article Forty-nine:

Voted: That the Town instruct the Water Commissioners to extend the water supply in Beaver Dam Road, Manomet, from the point where it now ends, to a point beyond the home of Oliver DeLancey and that an appropriation of \$14,000.00 be made for this purpose, and that said appropriation be taken from the Excess and Deficiency Fund, if approved by the Commissioner of Taxation, otherwise from the Tax Levy.

Article Fifty:

Voted: That the Town appropriate the sum of \$2,500.00 for the purpose of continuing the Survey and Assessors' Plans, to be expended under the direction of the Assessors.

Article Fifty-one:

Voted Unanimously: That the Town accept and allow as a Town Way, Overlook Terrace, Westerly from Overlook Road, as laid out by the board of Survey and reported to the Town, and appropriate the sum of \$100.00 for land and property damages and expenses of acquiring titles.

Article Fifty-two:

Voted Unanimously: That the Town accept and allow as a Town Way, the alteration at the corner of Middle and Carver Streets, as laid out by the Selectmen and reported to the Town and appropriate the sum of \$100.00 for land and property damage and expenses of acquiring titles.

Article Fifty-three:

Voted: That the Town take no action under this article.

Article Fifty-four:

Voted Unanimously: That the Town accept and allow as a Town Way, Margerie Street, easterly from Oak Street, as laid out by the Selectmen and reported to the Town, and appropriate the sum of \$100.00 for land and property damages and expenses of acquiring titles.

Article Fifty-five:

Voted: That the Town take no action under this article.

Article Fifty-six:

Voted: That the Town assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts, for the improvement, development, maintenance and protection of rivers, harbors, tide waters, and foreshores, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

Article Fifty-seven:

Voted: That the Town authorize the transfer of \$25,000. from the Excess and Deficiency Fund to the Stabilization Fund, as authorized by the provisions of Chapter 124 of the Acts of 1945.

Article Fifty-eight:

Voted: That the Town appropriate the sum of \$1,000.00 for maintaining the mosquito control works constructed in the Town of Plymouth, as estimated and certified to by the State Reclamation Board, in accordance with the provisions of Section 4, Chapter 112, Acts of 1931.

Article Fifty-nine:

Voted: That the Town take no action under this article.

Article Sixty:

Voted: That the Town appropriate the sum of \$2,500.00 for the establishment of Fire Protection at Manomet, this amount to be expended under the direction of the Fire Commissioner.

Article Sixty-one:

Voted: That the Town take no action under this article.

Article Sixty-two:

Voted: That the Town take no action under this article.

Article Sixty-three:

Voted: That the Town authorize the Board of Selectmen to petition the Director of Marine Fisheries for the right to control and regulate public fisheries within the Town in accordance with the provisions of the General Laws, Chapter 130, Section 94.

Article Sixty-four:

Voted: That the Town take no action under this article.

Article Sixty-five:

Voted: That the Town take no action under this article.

Article Sixty-six:

Voted: That the Town take no action under this article.

Article Sixty-seven:

Voted: That the Town vote to accept Section 4B of Chapter 136 of the General Laws in accordance with Chapter 207, Section 3 of the Acts of 1946, an act authorizing the Selectmen to grant licenses for Sunday bowling.

Article Sixty-eight:

Mr. Walter B. Haskell moved: That the Town appropriate the sum of \$2,500.00 to make repairs to the South Street Fire Station, said building to be under the control of the Selectmen and said appropriation to be expended under their direction.

Mr. William H. Barrett moved to amend by substituting the figure \$3500.00 for the figure \$2500.00, but the motion was lost.

Mr. Haskell's motion was put before the meeting and carried.

Article Sixty-nine:

Mr. Walter B. Haskell moved: That the Town authorize the Selectmen to accept, from the Navy Department, or any other authorized Government Agency, the Plymouth Airport, so-called, without payment of rental therefor, upon such terms and conditions as may be required by said department or agency; said airport to be under control of the Selectmen, who shall have authority to permit such uses to be made of said airport as they may deem to be in the best interest of the Town including the authority to let or lease any or all of said property, and that the sum of \$200.00 be appropriated for the protection and maintenance of said airport property.

Mr. Philip Jackson moved: That no action be taken under this article, but the motion was lost.

Mr. Haskell's motion was then put before the meeting and carried.

Article Seventy:

Voted: That the Board of Registrars be constituted a committee for the purpose of studying the advisability and possible cost of dividing the Town into precincts, and report at the next annual Town Meeting.

Article Seventy-one:

Voted: That the Town appropriate the sum of \$1,088.00 for the purpose of advertising the advantages, resources, and attractions of the Town of Plymouth under Chapter 40, Section 6A of the General Laws, said appropriation to be expended under the direction of the Board of Selectmen.

Article Seventy-two:

Voted: That the Town appropriate the sum of \$800.00 to renovate, repaint, and renew the historical signs which were installed originally at the time of the Tercentenary, and to erect additional signs as needed. This appropriation to be spent under the direction of the Board of Selectmen.

Article Seventy-three:

Voted: That the Town take no action under this article.

Article Seventy-four:

Voted: That the Town take no action under this article.

Article Seventy-five:

Voted: That the Town appropriate the sum of \$5,000.00 for the use of the Special Study and Coordination Committee appointed under Article 80 of the last Annual Town Meeting, for the purpose of continuing the work of said committee.

Article Seventy-six:

Voted: That the Town authorize the Selectmen to sell or otherwise dispose of any equipment or material in the hands of any department under their supervision and deemed by the Selectmen to be obsolete and of no further use to said department.

Article Seventy-seven:

Voted: That the Town approve of naming the cross street between Savery's Avenue and Cordage Terrace, Dias Road, in honor of the two Dias brothers who were killed in action in World War II.

Article Seventy-eight:

Voted: That the Town appropriate the sum of \$1,500.00 for the purchase of an automobile to be used for the Department of Public Welfare. Said appropriation to be expended under the direction of the Board of Public Welfare and to be taken from the Excess and Deficiency Fund, if approved by the Commissioner of Taxation, otherwise from the tax levy.

SPECIAL TOWN MEETING

SEPTEMBER 8, 1947

The meeting was called to order at 8 P.M. At 8:45, a quorum not being present, the meeting was adjourned to Sept. 22, 1947.

On Sept. 22, 1947, the meeting was called to order. A quorum not being present, the meeting was adjourned to Sept. 29, 1947.

On Sept. 29, 1947, the meeting was called to order. Again, a quorum not being present, the meeting was adjourned, this time without date.

Advisory and Finance Committee

on the

ARTICLES IN THE TOWN WARRANT

March 22, 1947

NOTICE

**Please retain this report for use at any
Adjourned Town Meeting**

Your Committee presents herewith its report and recommendations on the Articles in the Warrant for the Annual Town Meeting:

The various town departments have presented budget figures this year greater than at any time in the history of the town.

A total of **\$1,334,155.19** (Article 7) has been asked to run the town departments. This is **\$228,831.14** more than was recommended by last year's Finance Committee for the same purpose. This sum does not include the many special requests, totalling an additional \$358,393.05, which appears under separate articles.

The additional money being asked for by the various town departments may perhaps be justified on the grounds that they give more or better services. But can the people of the town afford these payment increases?

We point out that, contrary to some popular thought, there is a practical limitation to the amount of taxes that property owners can pay. In town affairs, as in our individual lives, there are many things that we may want, there are many things that we must have and there are many things that may be desirable. Some of these things we can afford and we get them, but the rest must be postponed until we can afford them.

A high tax rate is not only a hardship on the owners of property but directly affects rents. High taxes affect the cost of all things bought in local stores. High taxes discourages new business and the building of new taxable property. High taxes will prove a hardship upon those in need of housing.

For these reasons, your committee has recommended a substantial reduction of the amounts asked for by the town departments under Article 7, and adds further that if the sums requested by certain Town Departments continue to increase

at the present trend, it is the opinion of this committee that serious consideration should be given by the Town toward making a detailed and minute examination of these departments to see if these appropriations are warranted.

The total amount requested under the special articles is \$358,393.05. Of this, \$25,000 (Article 57) is merely a transfer of money from one account to another. Your committee has recommended, under these special articles, the appropriation of \$181,817.88. \$79,716.76 of this would come from the 1947 tax levy. The balance will come from funds not affecting the tax rate.

The Surplus or Reserve Fund is \$352,591.13 and the Post War Rehabilitation Fund is \$57,500.00. This is a substantial amount but it must be remembered that this fund has been built up during the war years when all town services were curbed and materials were not available for purchase. In all probability, this fund, will, during the next few years, decrease in amount.

Your Committee therefore, has recommended that the sum of \$90,325.00, plus the \$25,000, which is the transfer to a Stabilization Fund, be taken from the surplus account. We point out that transfers from this account must be approved by the Tax Commissioner of this Commonwealth. Your committee recommends no expenditure from the Post War Rehabilitation fund.

The above recommendations are the result of many weeks of deliberation and conferences with the department heads and Town Accountant, and represent what the committee believes is for the best interest of the Town.

Article 5. To see what action the Town will take with regard to fixing the salaries of elected town officers.

Recommended that the salaries of the following elected town officers be:

Chairman of Selectmen	\$ 726.00
Other Selectmen (each)	363.00
Chairman of Assessors	2,571.60
Other Assessors (each)	2,129.60
Town Clerk	2,080.00
Town Treasurer	2,080.00
Collector of Taxes	3,170.00
Chairman of Board of Public Welfare	50.00

Article 6. To see if the Town will vote to equalize and establish a uniform hourly rate of \$1.00 per hour for any and all laborers in all the various and different departments of the Town, such hourly rate to be retroactive to January 1, 1947. (By petition)

Recommend no action.

Article 7. To make necessary appropriations to defray the expenses of the Town, and for other purposes and to raise sums of money as the Town shall deem expedient.

Article 8. To see if the Town will authorize the payment of a bonus to all town employees and make an appropriation therefor.

Recommend appropriation of \$45,000.00 (See further explanation on Page 20).

Article 9. To take such action as the Town shall see fit in aid of the Plymouth Public Library.

Recommend appropriation of \$11,913.00, of which \$1,776.12 shall be dog tax.

Article 10. To see if the Town will appropriate the sum of three thousand, eight hundred and sixty (3,860) dollars to be expended by the Plymouth Public Library for the Loring Library.

Recommend appropriation of \$3,860.00.

Article 11. To see if the Town will appropriate a sum not exceeding one thousand thirty-one dollars and eighty-eight cents (\$1,031.88) in aid of the Manomet Public Library.

Recommend appropriation of \$1,031.88.

Article 12. To see if the Town will appropriate a sum not exceeding four hundred and fifty (450) dollars for the Observance of Memorial Day, said appropriation to be expended under the direction of the Board of Selectmen.

Recommend appropriation of \$450.00.

Article 13. To see if the Town will appropriate the sum of twelve hundred (1200) dollars for the annual Observance of July 4th and that the sum of one hundred and fifty (150) dollars of that amount be expended in said observance for the sponsoring of children's sports, the whole to be expended under the direction of the Plymouth Board of Selectmen.

(By petition)

Recommend appropriation of \$1,200.00.

Article 14. To see if the Town will appropriate a sum not exceeding six hundred (600) dollars for the Observance of V-J Day, said appropriation to be spent under the direction of the Board of Selectmen.

(By petition)

Recommend no action under this article. Declared illegal by Town Counsel.

Article 15. To see if the Town will appropriate a sum not exceeding six hundred (600) dollars for the Observance of Armistice Day, said appropriation to be spent under the direction of the Board of Selectmen.

Recommend appropriation of \$600.00.

Article 16. To see if the Town will vote to raise and appropriate the sum of five hundred (500) dollars for the Observance of Thanksgiving Day, to be expended under the direction of the Board of Selectmen.

Recommend appropriation of \$500.00.

Article 17. To see if the Town will appropriate the sum of twenty-seven hundred and fifty (2750) dollars for the employment of one or more district nurses, said appropriation to be expended under the direction of the Board of Selectmen.

Recommend appropriation of \$2,750.00.

Article 18. To see what amount the Town will vote to raise and appropriate for the use of the Plymouth County Trustees for County Aid to Agriculture and to choose a Town Director, as provided in Section 41 and 45, Revised Chapter 128 of the General Laws, and act thereon.

Recommend appropriation of \$150.00.

Article 19. To see if the Town will vote to authorize the Selectmen to sell, after first giving notice of the time and place, by posting such notice of sale in some convenient and public place in the Town, fourteen (14) days at least before the sale, property taken by the Town under tax title procedure, provided that the Selectmen or whomsoever they may authorize to hold such public auction, may reject any bid which they deem inadequate or take any action relative thereto.

Recommend favorable action.

Article 20. To see if the Town will appropriate a sum not exceeding six hundred and fifty (650) dollars for compensation and expenses of the Dog Officer required by Chapter 320 of the Acts of 1934.

Recommend appropriation of \$650.00.

Article 21. To see if the Town will vote to accept twenty-five (25) cemetery perpetual care funds, amounting to five thousand and fifty dollars (\$5,050) received and deposited in the Plymouth Savings Bank in the year 1946 in accordance with the usual votes of the Cemetery Commissioners and Selectmen, and listed as New Funds in the town report.

Recommend favorable action.

Article 22. To see if the Town will authorize the transfer from the Reserve from Overlayings of Taxes, the sum of fifteen thousand (15,000) dollars to the Reserve Account in the hands of the Advisory and Finance Committee.

Recommend appropriation of \$10,000.00 to be taken from Overlay of Taxes.

Article 23. To see if the Town will vote to appropriate, or transfer from unappropriated available funds in the Treasury, a sum of money for the improvement of Main Street Extension, Main Street and Court Street, said money to be used in conjunction with any money which may be allotted by the State or County or both for this purpose.

Recommend appropriation of \$20,000.00 to be taken from Excess and Deficiency Account.

Article 24. To see if the Town will vote to appropriate, or transfer from unappropriated available funds in the Treasury, a sum of money for the improvement of the Plymouth Cordage Curve, said money to be used in conjunction with any money which may be allotted by the State or County, or both for this purpose.

Recommend no action.

Article 25. To see if the Town will vote to appropriate the sum of twenty-five hundred (2500) dollars for the purchase of a Dump Truck to replace 1938 International, for the Highway Department.

Recommend appropriation of \$2,500.00 to be taken from Excess and Deficiency Account.

Article 26. To see if the Town will appropriate an amount of money not exceeding \$197.17 to be paid to the parents of Erving H. Wall, Jr., who was seriously injured by a batted ball at Stephen's Field on May 12, 1946. The money will be used to pay bills connected with said injury. Certain ball players held batting practice between third base line and third base bleachers in disregard to safety of spectators which resulted in Erving H. Wall, Jr., being hit by a batted ball while in third base bleachers. (By petition)

Recommend no action. Declared illegal by Town Counsel.

Article 27. To see if the Town will appropriate the sum of one thousand, three hundred and twenty-five (1,325) dollars to purchase a power roller for the Park Department.

Recommend appropriation of \$1,325.00 from Excess and Deficiency Account.

Article 28. To see if the Town will appropriate the sum of two thousand (2,000) dollars to trim trees and cut underbrush at Morton Park to eliminate a fire hazard existing there. Said appropriation to be expended under the direction of the Park Commissioners.

Recommend no action.

Article 29. To see if the Town will appropriate the sum of five hundred (500) dollars to install shower cabinet, waste water drains and hot water at the Nelson Street Camp Ground. Said appropriation to be expended under the direction of the Park Commissioners.

Recommend appropriation of \$500.00 to be taken from Excess and Deficiency Account.

Article 30. To see if the Town will make an appropriation of five thousand (5,000) dollars to be expended under the direction of the Park Commissioners for the purpose of erecting a building and installing suitable toilet facilities at the Standish Avenue Playground, so-called.

Recommend appropriation of \$5,000.00 to be taken from Excess and Deficiency Account.

Article 31. To see if the Town will make an appropriation of three thousand and seventy-two (3,072) dollars to surface the two avenues at Stephens Field. Said appropriation to be expended under the direction of the Park Commissioners.

Recommend no action.

Article 32. To see if the Town will appropriate the sum of one thousand seven hundred and thirty-six (1,736) dollars to surface the parking area, southeast of the Beach Park Bathhouse. Said appropriation to be expended under the direction of the Park Commissioners.

Recommend no action.

Article 33. Will the Town authorize and instruct all departments and their heads that in the future all jobs or positions to be filled in the various town departments must first be advertised in our local papers for a period of time of not less than fifteen (15) days, and that each person applying for said jobs or positions must state in writing his or her qualifications etc. to the department head or board where the vacancy exists, and in all cases with all things considered on an equal basis, a veteran must be given first preference for

said job or position applied for and any person applying for said job or position must file with said job application a certified copy of actual residence in the Town of Plymouth for a period of time of not less than two (2) years, and any part time employment for a period of time of ninety (90) days or less shall not be considered regular employment under this article. . (By petition)

Recommend that the Town authorize and instruct all departments and their heads that, in the future, all regular jobs and positions to be filled in the various Town departments be advertised at least 15 days prior to appointment and that each person applying for such jobs or positions must state in writing his or her qualifications, etc., to the department head or board where the vacancy exists; and in all cases, with all things considered on an equal basis, a veteran must be given first preference for said job or position. Under this motion any employment for a period of ninety (90) days or less shall not be considered as a regular job or position.

Article 34. To see if the Town will authorize the Water Commissioners to sell or otherwise dispose of any equipment or material owned by the Water Department and deemed by the Water Commissioners to be obsolete and of no further use to said department.

Recommend favorable action.

Article 35. To see if the Town will authorize the Water Commissioners to purchase from John H. Faulkner, a parcel of land at Little South Pond and bounded substantially as follows: Beginning at the shore of Little South Pond at the Northeast corner of said lot; thence running Westerly to the road to a stone bound which marks the Northwest corner of said lot; thence running Southerly on said road, 100 feet to a stone bound forming the Southwest corner of said lot; thence running Easterly to the shore of the pond; thence running Northerly along the shore of the pond to the point of beginning; and make an appropriation of \$1,600.00 therefor; said John H. Faulkner to retain ownership of the buildings upon said land and to remove said buildings from the premises.

Recommend no action.

Article 36. To see if the Town will authorize the Water Commissioners to purchase from Alice E. Card a parcel of land on the shore of Little South Pond bounded substantially as follows: Beginning at an oak tree 135 feet Southeasterly from the line of land formerly of William E. Hurd and in the Southwesterly line of a road; thence running Southwesterly about 100 feet to an iron pipe on or near the shore of the pond

and thence in the same course to the pond; then beginning again at the first described point and running Southeasterly 50 feet to a pipe driven into the ground; then turning and running Southwesterly by a line parallel to the first described line about 100 feet to an iron pipe on or near the shore of the pond; and thence in the same course to the pond and then bounded by the pond Northerly to the line first described; and make an appropriation of \$1,000 therefor; said Alice E. Card to retain title to any buildings upon said premises and to remove said buildings thereon.

Recommend no action.

Article 37. To see if the Town will authorize the Water Commissioners to erect a new chain link fence around the Lout Pond Reservoir and make an appropriation of \$2,300.00 for the purpose.

Recommend no action.

Article 38. To see if the Town will authorize the Water Commissioners to purchase from Minot K. Holmes et als a certain tract of land situated on Little and Great South Ponds and bounded and described substantially as follows: On the West by land formerly of Ellis Barnes; on the North by Little South Pond; on the East by land now of the Town of Plymouth which begins at a stone bound near Little South Pond and runs thence Southerly to a stone bound near Great South Pond; on the South by Great South Pond to the line of the lot set off to the wife of Jonathan Braley from the estate of Lemuel Raymond, less what has been taken by the Town of Plymouth for water supply purposes. Being the same premises described in a certain deed of Harold W. Mason to Clara B. Churchill et als, dated August 14, 1905, and recorded with Plymouth County Deeds, Book 922, Page 212, and to make an appropriation of \$2,000.00 therefor.

Recommend no action.

Article 39. To see if the Town will appropriate the sum of twenty-five hundred (2500) dollars from the proceeds from the sale of cemetery lots and graves, to be expended by the Cemetery Commissioners for the improvement and embellishment of the Oak Grove and Vine Hills and Manomet Cemeteries; \$2,000.00 of this appropriation to be used for Oak Grove and Vine Hills Cemetery and \$500.00 for the Manomet Cemetery.

Recommend favorable action.

Article 40. To see if the Town will appropriate the sum of twenty-two hundred (2200) dollars, to be used for the purpose of purchasing a dump truck for the Cemetery Department.

Recommend no action.

Article 41. To see if the Town will make an appropriation not to exceed fifteen thousand (15,000) dollars for the purpose of dredging the mooring basin, so-called, adjacent to and southeasterly of the State Pier in Plymouth Harbor, said funds to be expended in conjunction with funds to be provided by the Commonwealth of Massachusetts, the town to assume liability as provided by General Laws, Chapter 91, Section 29.

Recommend appropriation of \$15,000.00 to be taken from Excess and Deficiency Account.

Article 42. To see if the Town will authorize the School Committee to replace boilers in the Hedge School and install heating equipment in connection therewith and appropriate therefor from the Post-War Rehabilitation Fund the sum of \$22,000.

Recommend no action.

Article 43. To see if the Town will vote to accept the provision of General Laws, Chapter 31, Section 47, thereby placing under Civil Service all of the employees of the Town of Plymouth.
(By petition)

Recommend no action.

Article 44. To see if the Town will vote to authorize the Selectmen to have the necessary repairs made to the seawall along Water Street in accordance with the report of Fay, Spofford and Thorndike and make an appropriation therefor.

Recommend no action.

Article 45. To see if the Town will authorize the Selectmen to rent quarters in the Plymouth Savings Bank Building on Main Street for offices and vault space and make an appropriation therefor.

Recommend no action.

Article 46. To see if the Town will appropriate the sum of five hundred (500) dollars to complete work on the fish-ways in Town Brook.

Recommend appropriation of \$500.00 to be taken from the Excess and Deficiency Account.

Article 47. To see if the Town will appropriate the sum of five hundred (500) dollars as Plymouth's share of the expenses of the Old Colony Transportation Committee. Money to be expended under the direction of the Selectmen.

Recommend no action. Declared illegal by Town Counsel.

Article 48. Will the Town approve the installation of traffic control signals, to be located at Savery's Lane, Suosso's Lane and Court Street, and appropriate the sum of three thousand (3,000) dollars for the installation of the same.

Recommend no action.

Article 49. To see if the Town will vote to instruct the Water Commissioners to extend the water supply in Beaver Dam Road, Manomet, from the point where it now ends at the drive-way of LoVerde's and Halunen's homes to a point beyond the home of Oliver DeLancey and make an appropriation therefor. (By petition)

Recommend appropriation of \$14,000.00 to be taken from the Excess and Deficiency Account.

Article 50. To see if the Town will appropriate the sum of twenty-five hundred (2500) dollars for the purpose of continuing the Survey and Assessors' Plans. Money to be expended under the direction of the Assessors.

Recommend appropriation of \$2,500.00.

Article 51. To see if the Town will accept and allow as a town way, Overlook Terrace, Westerly from Overlook Road, as laid out by the Board of Survey and reported to the Town and make an appropriation for land and property damages and expenses of acquiring titles.

Recommend appropriation of \$100.00.

Article 52. To see if the Town will accept and allow as a town way, the alteration at the corner of Middle and Carver Streets as laid out by the Selectmen and reported to the Town and make an appropriation for land and property damages and expenses of acquiring titles.

Recommend appropriation of \$100.00.

Article 53. To see if the Town will accept and allow as a town way, the alteration at the corner of Nelson Street and Water Street Extension, as laid out by the Selectmen and reported to the Town and make an appropriation for land and property damages and expenses of acquiring titles.

Recommend no action.

Article 54. To see if the Town will accept and allow as a town way, Margerie Street, easterly from Oak Street, as laid out by the Selectmen and reported to the Town, and appropriate the sum of one hundred (100) dollars for land and property damages and expenses of acquiring titles.

Recommend appropriation of \$100.00.

Article 55. To see if the Town of Plymouth will adopt a by-law to read as follows: No married woman, excepting those now on tenure, shall be employed in any capacity in any department in the Town of Plymouth. This by-law shall not apply to a married woman who is legally separated or divorced from a husband, or to one whose husband is unable to support her by reason of physical or mental incapacity. Any unmarried woman employee of the town shall upon becoming married give notice within ten (10) days of her resignation. This by-law shall become effective on its passing.
(By petition)

Recommend no action.

Article 56. To see if the Town will assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of rivers, harbors, tide waters and foreshores, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

Recommend favorable action.

Article 57. To see what amount the Town will vote to appropriate or transfer from available funds to provide for a stabilization fund as authorized by the provisions of Chapter 124 of the Acts of 1945, or take any action thereto.

Recommend a transfer of \$25,000.00 from the Excess and Deficiency Account to the Stabilization Fund.

Article 58. To see if the Town will vote to raise and appropriate the sum of one thousand (1,000) dollars for the purpose of maintaining during the ensuing year the mosquito control works constructed in the Town of Plymouth, as estimated and certified to by the State Reclamation Board, in accordance with the provisions of Section 4, Chapter 112, Acts of 1931.

Recommend appropriation of \$1,000.00.

Article 59. To see if the Town will vote to appropriate the sum of twelve hundred and seventy (1270) dollars for the construction of a sewer line in Knapp Terrace.

Recommend no action.

Article 60. To see if the Town will approve the installation of a fire alarm system, the establishment of a fire station, purchase of fire equipment, and provide personnel for operating said station and equipment in that part of the Town called Manomet, and make an appropriation therefor.

(By petition)

Recommend appropriation of \$2,500.00 to be expended under the supervision of the Fire Commissioner.

Article 61. To see if the Town will vote to build waterfront protection in front of Hotel Pilgrim; the town to assume liability as provided by Section 29, Chapter 91, General Laws, for all damages incurred hereunder and make an appropriation therefor, to be spent in conjunction with sums to be provided by the State, County and owners of abutting lands, all as provided by Chapter 399 of the Acts of 1946.

Recommend no action as no cost figures are available.

Article 62. To see if the Town will vote to construct waterfront protection at White Horse Beach; the town to assume liability as provided by Section 29, Chapter 91, General Laws, for all damages incurred hereunder and make an appropriation therefor, to be spent in conjunction with sums to be provided by the State, County and owners of abutting lands, all as provided by Chapter 399 of the Acts of 1946.

Recommend no action as no cost figures are available.

Article 63. To see if the Town will authorize the Board of Selectmen to petition the Director of Marine Fisheries for the right to control and regulate public fisheries within the

town in accordance with the provision of the General Laws, Chapter 130, Section 94.

Recommend favorable action.

Article 64. To see if the Town will appropriate a sum of money to properly celebrate the return of the men and women who served in or were affiliated or associated with the Armed Forces of the United States in World War II.

Recommend no action.

Article 65. Will the Town adopt and approve of Chapter 115, Section 22, Volume I, Tercentenary Edition of 1932 of the General Laws, that gives the right to the Selectmen to appoint annually caretakers for all veterans' graves in the Town of Plymouth that are neglected by the next of kin or guardians who are financially unable to assume this responsibility, and appropriate a sum of money for this purpose not to exceed three thousand (3,000) dollars annually. (By petition)

Recommend no action.

Article 66. To see if the Town will authorize the Selectmen to purchase from Howard M. Morton et als, the land bordering the northerly side of Town Brook at the corner of Mill Lane and Market Street, together with any mill or water privilege appurtenant thereto, known as the Morton Grain Mill property and make an appropriation therefor.

Recommend no action.

Article 67. To see if the Town will vote to accept Section 4B of Chapter 136, General Laws, in accordance with Chapter 207, Section 3 of the Acts of 1946, an act authorizing the Selectmen to grant licenses for Sunday bowling.

Recommend favorable action.

Article 68. To see if the Town will appropriate the sum of thirty-five hundred (3500) dollars to make repairs to the South Street Fire Station, said building to be under the control of the Selectmen and said appropriation to be expended under their direction.

Recommend appropriation of \$2,500.00.

Article 69. To see what action the Town will take toward acquiring and operating the Plymouth Airport, so-called, and make an appropriation therefor.

Recommend appropriation of \$200.00.

Article 70. Will the Town authorize and instruct the Board of Registrars for the Town of Plymouth to work out a plan that will in the future allow three (3) polling places for all elections, State, National and local, for the convenience of the voters of the entire Town of Plymouth. One polling place to be located in the south part of Plymouth, another polling place to be located in the north part of Plymouth, and one polling place to be centrally located. (By petition)

Recommend favorable action.

Article 71. To see if the Town will appropriate a sum not exceeding one thousand and eighty-eight (1,088) dollars, to be expended under the direction of the Board of Selectmen, under Section 6A of the General Laws for the purpose of advertising its resources, advantages and attractions.

Recommend appropriation of \$1,088.00.

Article 72. To see if the Town will appropriate the sum of eight hundred (800) dollars to renovate, repaint and renew the historical signs which were installed originally at the time of the Tercentenary, and to erect additional signs as needed. Money to be spent under the direction of the Board of Selectmen.

Recommend appropriation of \$800.00.

Article 73. To see if the Town will authorize the Board of Selectmen to sell a parcel of land on Obery Street which was used as a public dump and is no longer needed by the Board of Health.

Recommend favorable action.

Article 74. Will the Town instruct the Board of Selectmen and authorize them to have enacted legislation to provide for a Public Safety Commissioner for the Town of Plymouth to be appointed by the Selectmen for a term of three (3) years at an annual salary not to exceed five thousand (5,000) dollars. (By petition)

Recommend no action.

Article 75. To see if the Town will make an appropriation for the use of the Special Study and Coordination Committee appointed under Article 80 of the last Annual Town Meeting, for the purpose of continuing the work of said Committee.

Recommend appropriation of \$5,000.00.

Article 76. To see if the Town will authorize the Selectmen to sell or otherwise dispose of any equipment or material in the hands of any department under their supervision and deemed by the Selectmen to be obsolete and of no further use to said department.

Recommend favorable action.

Article 77. Will the Town approve of naming the cross street between Savery's Avenue and Cordage Terrace, Dias Road, in honor of the two Dias Brothers who were killed in action in World War II, and make an appropriation therefor.
(By petition)

Recommend favorable action with no appropriation.

Article 78. To see if the Town will vote to appropriate the sum of fifteen hundred (1500) dollars to be used for the purpose of purchasing an automobile to be used for the Board of Public Welfare.

Recommend appropriation of \$1,500.00 to be taken from Excess and Deficiency Account.

ARTICLE 8—We recommend that a cost of living bonus of 15%, with a maximum of \$200.00, be paid to all regular employees of the town, except that those employees who receive a salary increase during 1947 shall receive as such bonus only that amount which may be required to bring the amount of their increase up to the amount of the above-mentioned bonus. For the purpose of this vote, step rate increases in the police and fire departments shall not be construed to be a salary increase. This bonus shall be paid in December, 1947, and shall be based on 1947 salaries, and in no case shall more than one bonus be paid to any one person, and that the Town appropriate the sum of \$45,000.00 for this purpose.

Respectfully submitted,

ADVISORY AND FINANCE COMMITTEE

Walter B. Haskell, Chairman; A. Linwood Ellis, William A. Gilman, Lawrence F. Rogers, Raymond F. Girard, Joseph S. Contente, Edward W. Burgess, Edward S. Schilling, Eldon J. Dahl, Joseph H. Nogueira, Arthur G. Estes, C. Edward Leary, George C. P. Olsson, Reuben M. Winokur, and Anthony V. Pioppi.

Attested: Raymond F. Girard, Secretary.

The committee wishes to express its appreciation to the Town Accountant and to the Town Counsel for their valuable assistance in preparing this report.

REPORT OF
Advisory and Finance Committee
on the
ARTICLES IN THE TOWN WARRANT

September 8, 1947

Article 2. To see if the Town will appropriate a sum not exceeding three hundred (300) dollars to defray the expenses of the Selectmen's Department for the balance of the year 1947.

The Committee recommends the appropriation of \$300.

Article 3. To see if the Town will appropriate seventy-five (75) dollars for salaries and personal services for the Election and Registration Committee.

The Committee recommends the appropriation of \$75.

Article 4. To see if the Town will make an appropriation or transfer from available funds to provide for remodeling the check room in the basement of the Memorial Building for storage space for the Town Accountant and a check room; and also for the purchase of filing equipment to be installed in the above-mentioned storage room and checking equipment for the check room.

The Committee recommends the appropriation of \$1,000 from Excess and Deficiency.

Article 5. To see if the Town will appropriate or transfer from available funds the sum of seven hundred and fifty (750) dollars to complete repairs to the South Street Fire Station, and to provide for heat of the second floor of this building, said appropriation to be expended under the direction of the Selectmen.

The Committee recommends no action under this article.

Article 6. To see if the Town will make an appropriation or transfer from available funds to provide for the removal of the superstructure at the so-called Coal Wharf.

The Committee recommends the appropriation of \$507 from Excess and Deficiency.

Article 7. To see if the Town will vote to repair the breakwater at Ellisville and make an appropriation therefor to be spent in conjunction with funds provided by State or County, or both; the town to assume liability as provided by Section 29, Chapter 91, General Laws, for all damages incurred hereunder.

The Committee recommends no action under this article, for the reason that no figures were available to them for consideration.

Article 8. To see if the Town will appropriate the sum of one hundred and forty-four dollars (\$144.00) to be used for the purchase of hose damaged at woods fire.

The Committee recommends the appropriation of \$144 from Excess and Deficiency.

Article 9. To see if the Town will vote to authorize the Selectmen to have the necessary repairs made to the seawall along Water Street in accordance with the report of Fay, Spofford & Thorndike and make an appropriation therefor, to be spent in conjunction with sums to be provided by the State and County, as provided by Chapter 603 of the Acts of 1947; the town to assume liability as provided by Section 29, Chapter 91, General Laws, for all damages incurred hereunder.

The Committee recommends the appropriation of \$11,250 from Excess and Deficiency.

Article 10. To see if the Town will accept and allow a town way, Avery Road, easterly from Nook Road about 450 feet, as laid out by the Selectmen and reported to the Town and make an appropriation for land and property damages and expenses of acquiring title.

The Committee recommends that the town accept and allow as a town way, Avery Road, easterly from Nook Road about 450 feet, as laid out by the Selectmen and reported to the town and appropriate the sum of one hundred (100) dollars for land and property damages and expense of acquiring titles.

Article 11. To see if the Town will make an appropriation or transfer from available funds for the installation of a sewer on Avery Road, provided no funds shall be expended until construction of dwellings is commenced on said road.

The Committee recommends the appropriation of \$1,200 from Excess and Deficiency for the installation of a sewer on Avery Road, provided no funds shall be expended until construction of dwellings is substantially completed on said road.

Article 12. To see if the Town will authorize the Water Commissioners to lay and maintain a water main in a way leading easterly from Nook Road, as described in Article No. 10 of the Warrant for this meeting, together with fire hydrants, services and other necessary appurtenances and appropriate the sum of four thousand dollars (\$4,000) therefor.

The Committee recommends that the town grant the Water Commissioners the authority requested under this article and appropriate the sum of \$4,000 from Excess and Deficiency therefor.

Article 13. To see if the Town will appropriate or transfer from available funds the sum of twelve hundred and seventy (1,270) dollars for the installation of a sewer line on Knapp Terrace, provided no funds shall be expended until construction of dwellings is commenced on said road.

The Committee recommends the appropriation of \$1,270 from Excess and Deficiency.

Article 14. To see if the Town will authorize the Water Commissioners to lay and maintain a water main in Knapp Terrace, running easterly from Court Street, together with fire hydrants, services and other necessary appurtenances and appropriate the sum of three thousand five hundred dollars (\$3,500) therefor.

The Committee recommends that the town grant the Water Commissioners the authority requested under this article and appropriate the sum of \$3,500 from Excess and Deficiency therefor, provided no funds shall be expended until construction of dwellings is commenced on said road.

Article 15. To see if the Town will appropriate the sum of two thousand dollars (\$2,000) to be expended by the Water Commissioners for repairs and improvements to the Deep Water Bridge Pumping Station, including changes in the piping and the purchase of new equipment as necessary.

The Committee recommends the appropriation of \$2,000 from Excess and Deficiency.

Article 16. To see if the Town will appropriate the sum of fifteen hundred (1,500) dollars to be added to money already appropriated, for the purpose of erecting a building and installing suitable toilet facilities at the Standish Avenue Playground, so-called, said money to be expended under the direction of the Park Commissioners.

The Committee recommends the additional appropriation of \$1,000 from Excess and Deficiency.

Article 17. To see if the Town will make an appropriation for the purpose of constructing a plank surface or deck upon the Town Wharf and make such alterations and repairs as may be required for the accommodation of fishing vessels, said money to be expended under the direction of the Board of Selectmen.

The Committee recommends the appropriation of \$4,850 from Excess and Deficiency.

Article 18. To see if the Town will appropriate the sum of two thousand (2,000) dollars for snow and ice removal for the balance of this year.

The Committee recommends the appropriation of \$2,000.

Respectfully submitted,

ADVISORY AND FINANCE COMMITTEE

Town of Plymouth

Joseph H. Nogueira, Chairman; Edward W. Burgess, Joseph S. Contente, Eldon J. Dahl, Edward S. Schilling, Arthur G. Estes, C. Edward Leary, George C. P. Olsson, Anthony V. Pioppi, Reuben M. Winokur, William S. Brewster, Lyman W. Briggs, Samuel E. Franc, Robert Marvelli, Jr., Ferris C. Waite.

Attested: Cora B. Grady, Secretary

ANNUAL REPORT

of the

Board of Selectman

For the year ending December 31, 1947

This has been a year of progress for the town, and a number of important things have been accomplished, such as the completion of the new sea wall at Warren's Cove at the head of the beach. This section took a severe beating during last winter's storms and consequently repairs had to be made.

Another section of Main and Court Streets was resurfaced from Water Street to Nelson Street with very satisfactory results and it is planned, this year, to continue from Nelson Street north to the Cordage Curve and possibly to the Plymouth-Kingston line depending on the amount of State money available.

We also completed arrangements so that Plymouth now has an airport known as the "Plymouth Airport". The town leased this airport to the Wiggins Airways, Inc. on a revocable permit and there is no expense involved to the town.

Up-to-date, modern street lights have been installed through the center of the town with very satisfactory results. This eliminates black spots and lessens the chance for accidents.

On account of the severe winter, our snow removal expense was more than usual, but we have received commendation from out-of-town travellers who state that Plymouth is one of the best-cleared towns in this section. The snow loader has been very helpful and did effective work.

We have put into effect, through complete cooperation by all town departments, an arrangements whereby town-owned equipment will be used by all departments, when and where required. We have also arranged for the cooperative purchasing of fuel and other large items which we hope will result in a substantial saving to the town, and a uniform day for closing the work week for all departments.

There has been a noticeable increase in the efficiency in the departments under our control and the cooperation of the department heads is much appreciated by the Board of Selectmen.

Respectfully submitted,

HERBERT H. LANMAN
JAMES T. FRAZIER
CHARLES I. BAGNALL
SUMNER A. CHAPMAN, JR.
WILLIAM H. BARRETT

Board of Selectmen

Annual Report

OF THE

Town Clerk

Marriages - Births - Deaths

Town of Plymouth

DEATHS, 1947

Number of deaths registered 257, of which 59 were non-residents and 44 died out of town, burial taking place in Plymouth.

There have been issued from the Town Clerk's Office for the year 1947, licenses as follows:

Resident Citizen's Fishing Licenses	439
Resident Citizen's Hunting Licenses	672
Resident Citizen's Sporting Licenses	353
Resident Citizen's Minor and Female Licenses	129
Resident Citizen's Minor Trapping Licenses	6
Resident Citizen's Trapping Licenses	17
Resident Citizen's Sporting (Free) Licenses	77
Resident Citizen's Military (Free) Licenses	22
Resident Citizen's O. A. A. (Free) Licenses	8
Special Non-Resident Fishing Licenses	32
Non-Resident Citizen's Minor Fishing Licenses	0
Non-Resident Citizen's Fishing Licenses	14
Duplicate Licenses	10

Male Dog Licenses	690
Female Dog Licenses	345
Kennel Licenses	3

HERBERT K. BARTLETT,
Town Clerk.

REPORT OF SUPERINTENDENT OF STREETS AND SEWERS

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit a report of the work done in the Street and Sewer Departments from January 1 to December 31, 1947.

SEWERS

The sewer work has been carried out this year with the new extension laid on the following streets: Wellingsley Ave., 200' of 8" sewer pipe and new manhole built, Knapp's Terrace, 350' of 8" pipe and one new manhole. Approximately 1,000' of sewer lines have been dragged and tree roots removed. Manholes have been cleaned out with several new ones built and repaired and several new services installed. The main sewer on Sandwich Street had to be repaired in front of the Jenney Gas Station because of collapse pipes. This sewer is 16' deep and required cribbing a trench 18' long and 4' wide. Three 15" pipe were replaced and 50' of main sewer had to be cleaned where sand and gravel washed into it. A six foot standpipe had to be replaced for sewer service into the Resnick property.

STREET CLEANING

The usual work of cleaning streets and catchbasins has been carried out this year.

ASPHALT SIDEWALKS

Approximately 5,580 sq. yds. of asphalt hot mix sidewalks were laid on streets that were in a very dangerous condition. Other sidewalks were repaired where tree roots had raised and broken the surface. This work will be carried out this coming year.

HIGHWAY CONST. & RECONST.

The following streets were resurfaced with asphalt, tar, sand and peastone: Grant St., Walnut St., McKinley Road, Standish Ave., Water St., Cotton St., Alvin Road, Winter St., Union St., Manomet Ave., White Horse Road, Dias Road, Peck Ave., Vinal Ave., Gray Ave., Birch Ave. and shoulders on Cliff St. that needed to be brought up to grade. At Russell Mills Road, a mixed-in-place surface, of tar and gravel was laid over the old gravel surface 2½" deep for a distance of ½ mile and 20' wide. The same type of surface was laid over the old gravel surface on Boot Pond Road, a distance of 6/10 of a mile and 22' wide, sealed with asphalt and sand.

DRAINS AND BROOKS

Samoset Street, 100' of 18" pipe was removed, cleaned, replaced and the brook filled in with gravel. Hedge Road, the brook from Court St. to the ocean was dug out with a shovel, a depth from one foot to three feet deep and four feet wide and all culverts cleaned out. Point Road, a new drain was installed on this road to take care of surface water. Forty-four feet of 12" pipe was laid with stone header at each end. Bartlett Brook was dug out with a gas shovel where the northeast storms had filled it up with sand. Off Alden St., 150' of drain pipe was removed, pipes cleaned and replaced.

CHAPTER 90 CONSTRUCTION

Main St. Ext., Main St. and Court St. from Water St. to Russell Ave. was resurfaced with 2½" of Hot Mixed Type I laid by the Old Colony Crushed Stone Co. of Quincy. All Electric Light Co. manholes, Telephone Co. manholes, sewer manholes and water gates were raised to grade and new ones replaced where needed. In several places the sidewalk and curbing were raised to meet grades. The cost of this work was \$20,000.00 with the state contributing \$10,000, County \$5,000 and town \$5,000. I recommend having this work continue for 1948.

GRANOLITHIC SIDEWALK & CURBING

Corner Court & Brewster Sts., 40' cement curbing was rebuilt, 4 slabs 4'x4'-4" was replaced. Corner No. Park Ave. & Court St. 30' cement curbing was rebuilt and replaced with three slabs 3'x3'-4". At Winter St. a cement slab in a driveway was removed and curbing put in its place. Oceanview Ave., on the west side, 399' of curbing was built and on the east side 164' of curbing making a total of 563' of curbing, 7" wide and 21" deep for a sidewalk to be laid this coming year. The seawall on Water St. was pointed up with stone and cement to prevent the tide water washing in back of it. A number of cement slabs were replaced where tree roots had raised them up.

MISCELLANEOUS

Fence at Black Pond, on the Old Sandwich Road, was built for a distance of 300' with wooden posts and wooden guard rail. Cliff Street had 200' of wooden guard rail fence rebuilt.

The old Town Highway Barn in the rear of the Infirmary was taken down because of its dangerous condition and all lumber in good condition was cleared of nails and stored away for future use.

Several roads in the outlying districts and in town were brushed out this fall in some of the most dangerous places.

Lines and grades for street and sewer work have been supplied by the Town Engineer, Edward Chase, and records of same filed at his office.

Respectfully submitted,

ELMER C. CHANDLER,
Supt. of Streets and Sewers.

ANNUAL REPORT OF THE PLYMOUTH BOARD OF HEALTH 1947

The past year has been an unusually satisfactory one for the Board of Health. The health of the community was high with the smallest number of communicable diseases reported for a number of years. Your Board of Health is still concerned with the neglect of some physicians and many parents in promptly reporting a communicable disease to the Board of Health. It is important, whether or not a physician attends a case of sickness, that all communicable diseases be reported promptly to your Board of Health; this may prevent a serious epidemic.

The work of the Board during the past year has been largely of a routine nature, due we believe to the program of improvement and health control which has been followed by your Board of Health for the past years.

For the year ending December 1947 the following contagious diseases were reported.

Chicken-Pox	22
Dog Bite	20
Measles	13
Scarlet Fever	11
Pul. Tuberculosis	1
Trichinosis	1
Whooping Cough	10
Gonorrhea	3
Syphilis	8
<hr/>	
Total	89

The program of tuberculosis control has been carried on in the usual way. Sixty-five persons were examined and x-rayed at the Plymouth County Hospital.

All cases of contagion are being hospitalized at the Haynes Memorial Hospital in Brighton. We are sending cases to Brighton because a shortage of nurses exists in Plymouth which required closing the contagious wing of the Jordan Hospital although the town contributes to the maintenance in event it may be re-opened. The contract between the Jordan Hospital and the Board of Health we believe to be a favorable one for the people of Plymouth.

We wish to remind all parents that once each year there is a clinic held at the Board of Health rooms for the immunization against diptheria. This disease is on the increase according to reports of the State Department of Public Health so we advise the parents of Plymouth children to take no chances but to bring their children to the clinic for immunization. The time and date of the clinic will be published in the local paper.

The regular and complete analysis and inspection of milk continues under the able direction of our milk inspector and the Steele Laboratory at East Bridgewater. The reports are excellent and show that a high quality of milk is being sold in the town. Careful inspection is made at regular intervals of all eating establishments, pasteurization plants, stores, bakeries, fish markets and other places handling edible products. Your Board demands a high standard and is glad to report that the cooperation of Plymouth establishments has been excellent.

Complaints of many kinds are frequent throughout the year and all are promptly investigated and settled by the Sanitary Inspector.

The number of licenses granted in 1947 was 250 and number of permits was 481.

MEDORA V. EASTWOOD, M.D.,
Chairman.

PAUL W. BITTINGER
HERBERT H. MAXWELL

Plymouth Board of Health

REPORT OF THE PLYMOUTH VETERANS ADVISORY COMMITTEE

To the Honorable Board of Selectmen:

Gentlemen:

The Department of Veterans' Services presents herewith its report for the year 1947.

For the first time, the Department this year administered the aid to needy and deserving veterans and their families known as Veterans' Benefits. This aid was formerly known as Soldiers' Relief, State Aid, and Military Aid. Its purpose is to prevent pauperization of destitute veterans.

In disbursing Veterans' Benefits, the Department acts under the supervision of the State Commissioner of Veterans' Services, and subject to the approval of the Board of Selectmen. The State office prepares a budget periodically, for the guidance of the Director in paying Benefits. This budget was raised once in 1947, in an attempt to keep up with the cost of living, and further raises are probable. At present the budget calls for an allowance of \$88 per month for a veteran and his wife receiving no other income. No veteran whose destitute condition is brought about by his voluntary idleness or continued vicious or intemperate habits is eligible for this aid.

In the other phase of its activities, as an information center for veterans, the Department assisted in 3,791 cases.

By act of the Legislature, the Department of Veterans' Services is required to keep a file of discharges of veterans at the request of the veterans, and to certify to the existence of such discharges upon request. At present, the file includes copies of the discharges of some 1300 Plymouth veterans, and an effort will be made during 1948 to complete the file.

Appropriations and expenditures for 1947 were as follows:

SALARIES

Appropriation	\$3646.37
Payments	3646.37
	<hr/>
Balance to Revenue	

OFFICE EXPENSES

Appropriation	\$550.00
Payments	517.60
	<hr/>
Balance to Revenue	\$32.40

VETERANS' BENEFITS

Appropriation	\$20,000.00
Payments	16,345.43
	<hr/>
Balance to Revenue	\$3,654.57

Respectfully submitted,

THOMAS F. QUINN

DEPARTMENT FOR THE INSPECTION OF BUILDINGS

To the Honorable Board of Selectmen.

Dear Sirs:

The following is a summary of building activities within the Town for the year ending December 31, 1947.

No.	Kind	Est. Cost
39	Single Family Dwellings	\$189,850
1	Two Family Dwelling	16,000
73	Summer Camps	88,476
20	Garages	12,050
24	Other Buildings	67,755
51	Alterations & Additions to Dwellings	65,300
19	Alterations & Additions to Other Bldgs.	38,550
<hr/>		<hr/>
227		\$477,981

Respectfully submitted,

THOMAS R. BODELL,

Building Inspector.

REPORT OF THE PARK COMMISSIONERS

The Park Commissioners submit their annual report for the year 1947.

The Training Green, Bates Park, Park Avenue and Spooner Park, have had their usual care and have been kept neat and clean during the year. The small plot on the south side of Town Brook, which was placed under the jurisdiction of The Park Department, in 1946, has been graded, loamed and shrubs have been set out. Three Dog Wood Trees have been set out at Bates Park. Four Willows have been set out at Bang's Park.

Brewster Garden has been kept in excellent condition during the year. The department takes the opportunity at this time, to thank The Town Brook Society for their co-operation and help which is greatly appreciated. We also extend our thanks to Stevens, The Florist, and Mrs. Barke, for the flowers and potted plants contributed by them.

Morton Park has been very popular during the summer months as a bathing beach and picnic grounds. Vandalism has caused much repair work that was done on the buildings. All buildings have been painted. Much work has been done trimming trees, cutting and burning brush and roads have been kept in a usable condition. Receipts at the bath house were in 1947, \$35.70; in 1946, \$51.10.

The camping grounds at Indian Reservation and Nelson Street have shown an increase in attendance and revenue the past year. Much work still remains to be done at The Indian Reservation that was caused by the hurricane of 1944. Approximately ten cords of wood was delivered to The Welfare Department and a like amount to Stephens Field.

Indian reservation receipts were in 1947, \$1,289.50; in 1946, \$1,188.50.

Nelson Street Camping receipts were in 1947, \$1,714.30; in 1946, \$1,588.35.

The Bathing Beaches have been well attended the past year. The swimming classes conducted at the Stephens Field and Nelson Street bath houses have been well attended and have proven to be a very worthwhile project. Stephens Field receipts were in 1947, \$27.55; in 1946 were \$19.50.

The playgrounds have been very popular during the season, and have been in constant use. One unit of the proposed field house at the Standish Ave., Playground will undoubtedly be ready in the Spring, as the contract has been awarded. The Kiwanis Club of Plymouth, deserves a vote of thanks from the citizens of Plymouth for paying for a recreational leader and buying equipment for the playgrounds, as the Park Dept. had no funds to do so.

They took four bus loads of children that attended the programs regularly, to Braves Field to see a double ball game, and also furnished many excellent prizes. The High School and The Veterans Athletic Club practiced and held their games at Stephens Field. At several of these games there was an estimated crowd of 2500 people in attendance.

New State Laws requiring rigid inspection by The State Department of Public Safety, has resulted in quite extensive repairs to the bleachers the past year and many more repairs must be made before they can be used in the spring. The Inspector recommended new bleachers to replace the obsolete ones now in use. Owing to the high cost of building materials the department is not asking for an appropriation for this purpose this year. If activities increase and two or three thousand people are going to attend these games, something will have to be done in the near future.

The Beach Park Bath House has been very popular this past season. The new breakwater has been completed, and the beach has been clean and neat. Owing to the recent gales, a lot of filling has got to be done at the north end of the bath house.

BOARD OF PARK COMMISSIONERS

Edward J. E. Hand, Chairman

John E. Siever

Arthur Sirrico

NINETY-THIRD ANNUAL REPORT

OF THE

Water Commissioners

AND

Superintendent

OF THE

Town of Plymouth

1947

REPORT OF THE WATER COMMISSIONERS

NINETY-THIRD ANNUAL REPORT

The Board of Water Commissioners submits its ninety-third annual report, covering the year 1947.

The rainfall during the year amounted to 39.71 inches, which is about six inches less than the average. At the end of the year the level of the water in Great South Pond was 103.6 which was about twelve inches lower than at the beginning of the year. Rainfall was very light during the summer and autumn.

The new Manomet Pumping Station was completed late in the year and is now available for service. A small fireproof brick and concrete building has been constructed directly over the new twelve inch gravel-packed well which was built in 1946. This well pipe was driven to a depth of about one hundred feet. The bottom of the pipe is a fine-meshed Everdur screen, twenty-five feet in length, through which the underground water flows into the well pipe. The building houses the electric motor driven pump, with a complete up-to-date system of automatic controls, regulators and recording devices. A gasoline engine is to be installed, to provide for the emergency operation of the pump in case of failure of the electric power supply.

The well and pump have a capacity of 700 gallons per minute, or 1,000,000 gallons per day if operated continuously. This is the first important addition to the supply of water for the Town, since it was piped from South Pond in 1855. It will take care of a problem which has been of great concern to the Water Department ever since the water system was extended to Manomet.

In order to take care of the delivery of the water from this new Manomet Pumping Station into the distribution system a ten-inch discharge main has been laid from the Station to the storage tank at Mr. Harlow's.

Considerable progress has been made in the program of relaying and replacing old mains and this will continue as far as the available funds permit. Most of the work this year has been carrying out the plan for the extension of the New High Service through Liberty Street, Nick's Rock Road and Cherry Street and adjacent territory, with great improvement to the service to our water-takers in that area, as far as the main has been completed.

The extension of the main on Beaver Dam Road, as authorized by the Town in March 1947, has been completed, so that this neighborhood is now adequately supplied.

A tabulation of the construction work carried out in 1947 is shown in the report of the Superintendent, which follows.

LAND AT LITTLE SOUTH POND

Two parcels of land on Little South Pond, the so-called Faulkner and Card properties, have been purchased in accordance with the authorization of the Town in March 1947. The buildings have been removed so that there is now no dwelling on the shores of this pond—a most desirable accomplishment which has been before the Town for a great many years. It happened to be fifty years after the need for the removal of these houses was strongly presented by the late Nathaniel Morton, in an address to the Plymouth Commercial Club April 6, 1897.

The Holmes or Union House property, adjoining both Great and Little South Ponds, has not yet been acquired by the Town because of problems in connection with the title. There are no dwellings on this land at the present time. The matter is in the hands of the Town Counsel.

MAINTENANCE

Twice during the year it was necessary to make emergency repairs to one of the two pumping units at the Deep Water Bridge Station. In the opinion of Metcalf

and Eddy, who were consulted in the matter, the unit had outlived its period of dependable operation and should be replaced immediately. This has been done and a new electrically driven centrifugal pump installed with a capacity of 350 gallons per minute. In the near future, the other belt driven plunger pump unit at this station should be replaced with a new pump of larger capacity.

Expensive repairs were also necessary to the Wolverine diesel engine at the Lout Pond Station.

Four very old reservoirs, constructed many years ago, for fire-fighting purposes, have been filled completely with gravel as they have not been used for a long time. They are located beneath the surface in Town Square, Shirley Square, Court Street near Clyfton Street, and High Street. After consultation with the Fire Department it was decided that they were no longer necessary and might become a hazard to the public.

Because of the increase in the expenses of operating and maintaining the water works and distribution system and the heavy demands for the extension and construction of water mains, the Commissioners have under consideration an increase in the charges for water service. Present rates have been in effect since 1924 and are very low in comparison with those in other communities in the Commonwealth of similar size.

RECEIPTS 1947

Plymouth	\$43,091.55
Manomet	9,248.45
	<hr/>
	\$52,340.00

Appropriations recommended for 1948:

Maintenance and Labor	\$32,831
Salaries	20,550
Truck to replace the Superintendent's car	1,000
Regular construction	7,500
Construction necessary because new By-pass	5,300

White Horse Beach—Aves. B. and C and connections	10,200
Malaguti Development (If street is accepted by the Town)	4,000
Marjorie St. West of Oak	3,000
Cape Cod Ave., Reed Ave., Melix Ave., and adjacent sts. (If streets are accepted by the Town) (Bond Issue)	35,000

RICHARD T. ELDRIDGE, Secretary
ARTHUR ADDYMAN
DANIEL F. MULCAHY
C. BROOKS HUDSON

SUMMARY OF STATISTICS

(Published by request of the New England Water Works Association, Plymouth, Mass., Water Works.)

Population, 13,175

Date of Construction, 1855.

By whom owned, Town.

Source of Supply, Great and Little South Ponds and Wells at Manomet.

Mode of Supply, Gravity for low service and Pumping for high service, Wells.

PUMPING

Builders of pumping machinery, Fairbanks-Morse and Wolverine-Gould.

Description of fuel. Oil.

Amount used, 10,915½ gallons.

Pumpage for the year:

Fairbanks-Morse,	187,805,000 gals.
Wolverine-Gould,	184,223,000 gals.
NHS (Electric)	23,453,000 gals.

395,481,000 gals.

Average static head, 68 ft.

Average dynamic head, 74.5 ft.

Number gals. per gal. fuel oil:

Fairbanks-Morse,	37,711
Wolverine-Gould,	31037

Duty of Pumps:

Fairbanks-Morse,	173,311,000
Wolverine-Gould,	142,638,000

Auxiliary well supply at Manomet pumped 15,332,000 gallons.

**COST OF PUMPING FIGURED ON PUMPING
STATION EXPENSES, VIZ: \$9,958.12.**

Per million gallons against dynamic head into direct pipe, \$25.179.

Per million gallons raised one foot high (dynamic), \$0.3379.

**COST OF PUMPING FIGURED ON TOTAL
MAINTENANCE, VIZ: \$38,691.50**

Per million gallons against dynamic head into direct pipe, \$97.834.

Per million gallons raised one foot high (dynamic), \$1.313.

STATISTICS ON CONSUMPTION OF WATER

Total population, estimated 13,175.

Estimated population on pipe line, 12,500.

Estimated population supplied, 12,500.

Total consumption for the year, 515,416,000 gallons.

Average daily consumption, 1,404,400 gallons.

Gallons per day to each inhabitant, 106.

Gallons per day to each tap, 371.

STATISTICS RELATING TO DISTRIBUTION SYSTEM

Kind of pipe, Cement lined sheet iron and Cement lined cast iron.

Sizes, from 2-inch to 30-inch.

Extended, 17,305 feet.

Discontinued, 2248.

Total now in use, 82 miles, 650 feet.

Cost to repair per mile, \$10.69.

Number leaks per mile, 0.207.

Small distribution pipe less than 4-inches, 8 miles, 3,661 feet.

Hydrants now in use, 366 public; 73 private.

Stop gates added, 78. Discontinued, None. Number now in use, 953.

SERVICES

Kind of pipe, Lead and Cement lined.

Sizes, from one-half inch to six inches.

Total now in use, 10 miles, 4,121 feet.

Service taps added, 63. Discontinued, None.

Total now in use, 3,780.

Average length of service, 15.0 ft.

Average cost per service, \$35.12.

Number meters added, 41.

Number now in use, 2,960.

Percentage of services metered, 78.3%.

SUPERINTENDENT'S REPORT

To the Board of Water Commissioners.

Gentlemen:

The year 1947 was most interesting in the Water Department because, at last, deliveries on orders of long standing started to come through and we were able to complete many jobs. This does not mean that we had

everything to work with but it was a vast improvement over the past few years when, at times, we could not complete even one service. Meters are still slow in coming and we have orders that will not be delivered until next June.

The Commissioners' report gives a detailed account of the Department work during the past year and the Construction work is summed up in the table that follows this report.

Some of the jobs are not completed, there being services to be changed over on to new mains on Liberty Street, Ocean View Ave., Nick's Rock Road and South Cherry Street, as well as connecting Liberty Street main with Standish Avenue, Ocean View Road main with Western Avenue and remove old fire hydrants and shut off old mains. All of this, we hope to do the coming year.

Seventeen leaks in mains were repaired during the past year, and thirty-two leaks in services.

Twenty corporations on services were drilled, improving poor pressure in each case.

A 6" fire sprinkler service was connected to the curtain factory on Court Street.

Ten fire hydrants were repaired. Hydrant inspection was carried on, as usual.

Only forty-one meters were set on new services this year and there was considerable meter repair work, using every available part that we had in stock, deliveries on this material coming through very slowly.

Analyses of samples of water from the ponds and wells and from various taps was continued.

The auxiliary well supply at Warners Pond was operated 910 hours, during June, July, August and September, pumping 15,332,000 gallons of water. 1,600 gallons of fuel oil and 50 gallons of lubrication oil was consumed.

On December 24th, due to frost in the ground, all heavy Construction work had to be stopped. This will be continued in the spring.

Respectfully submitted,

THEODORE BRINK,
Superintendent.

Total number of borrowers registered	1,092

A DIGEST OF

A PROGRESS REPORT FOR THE YEAR 1947.

To the Board of Directors and members of the Corporation of the Plymouth Public Library.

1947 Reorganization has been along the following lines:

1. **Examining books, work, building space and practices** in effect at the time of my arrival in June; taking steps to eliminate unessentials, save time or accomplish the work more effectively.
2. **Delegating specific responsibilities** to a staff capable of handling responsibility and eager to do so, for more effective administration. In assigning duties, thought is given to personal aptitudes, experience and training.
3. **Preparing typed procedures and forms**, uniform slips for daily cash, interlibrary loan requests, vouchers, etc. Libraries "take a leaf" from business methods, adapting short cuts and efficient techniques for use.
4. **Greater coordination between the main library and its branch.** It is customary for a qualified branch librarian to select the books for her immediate library-community. In June, this authority was turned over to Mrs. Figmic, North Plymouth (Loring) Branch Head and a trained librarian.

5. **Raising standards:** in salary-classification; in staff training; in the physical appearance of the books: by providing new books with a protective coating of shellac; by rebinding books more promptly; by weeding out shabby or obsolete material, gradually; by typing instead of hand-writing book records. We want to associate good reading with attractive books.

TRANSITION YEAR:

The year 1947 was marked by transition. Miss Charlotte Haskins, who served Plymouth faithfully as librarian for 17 years, resigned to go to the Keene, N. H. Library in May. Miss Margaret Osmond also resigned in May to go to California for a summer position.

Miss Hazel M. White, formerly an assistant at the Needham Public Library, was appointed Cataloger and joined our staff Sept. 15th. She brings to her new position a background of teaching experience, wartime experience in Washington, and training at Simmons College, School of Library Science. She is proving a valuable addition to the staff.

READING TRENDS

The use of libraries reflects the times. The increased circulation of adult non-fiction books, by 798, is gratifying, in spite of a drop in the overall circulation.

Even in the choice of fiction, serious issues are the trend—social problems and historical settings—as evidenced in the long reserve lists for books like "Gentleman's Agreement" and "House Divided".

Personal narratives of war experiences, biographies, and books on current world conditions lead the non-fiction, with frequent requests for material on home repairs, architecture, auto repair, vocations—practical information leading to betterment of one's self, career or property.

"BOOKS ALIVE"

Regular weeding out of old books and of soiled or damaged copies is as important as the careful selection of new books, suited to community needs.

Inadequate storage space necessitates regular weeding out of old magazines. Storage preference is given those listed in **Reader's Guide to Periodical Literature**. Storage space has reached a critical stage. A typed list of magazines to which the library subscribes has been prepared for the use of readers.

EXTENSIONS AND SCHOOL COOPERATION.

The school art department through the cooperation of Mrs. Margaret Brown is preparing a set of poster-size catalog cards for our instruction of classes of students in the Use of the Library, a major project planned for after February vacation.

The library continues to send deposits of books to the schools at the request of teachers. Books for high school panel discussions are set aside for use at the library. The public library and the high school library, through the cooperation of Mr. Arthur Pyle, exchanged lists of magazines to which each subscribes, to avoid unnecessary duplication and to supplement where needed. Certain basic reference magazines naturally are needed by both libraries.

It is hoped that in the near future a book-deposit service, similar to that extended to teachers, may be available to the firemen, Boys' Club, and other community groups desiring it.

YOUNG PEOPLE'S COLLECTION

Excellent use has been made of the new collection of Young People's books, kept on the right rear table in the Reading Room, and selected especially for Teen-Age tastes—about young people, careers, and excellent biographies of today's leaders, as a transition from the books of the Junior Room to those of the Adult Department.

PROFESSIONAL CONTACTS

The library benefits from staff attendance at professional meetings and reading professional journals, where practices and trends are discussed, enabling smaller libraries to pace themselves with larger.

The librarian and staffs of the main and branch libraries shared their Christmas this year by sending a C.A.R.E. package to a Dutch librarian.

As a further means of keeping up with library advancement, the library subscribes now to the **Library Journal** and **Publishers' Weekly**. Miss Lucas joined the Round Table of Children's Librarians, and Miss White is a new member of the Group of Classifiers and Catalogers. Miss Jordan served as chairman of the Chautauqua County (N. Y.) Book Cooperative, treasurer of the Boston Institutional Libraries Group and auditor of the Old Colony Library Club.

STAFF WELFARE AND IN-SERVICE TRAINING

Staff meetings have been held regularly since mid-September, to encourage initiative, discussion and to acquaint staff members with current library policy. This serves as an efficiency measure, enabling one to take over temporarily the work of another during vacations, illness etc.

Substantial salary-increases have been recommended for assistants for 1948 to bring the library's classification into line with similar job-classifications in the community and to help stabilize the staff.

Early in 1947 the basement staff-room was freshly painted and improved with cheery curtains and furnishings.

In September, the 5-day week schedule went into effect. The staff continues to work 40 hours per week, or 8 hours per day, but now enjoys a full day off as most business firms and libraries do, in place of the former split days.

The staff notices special non-fiction reading interests, so that as new books along those lines are added, we notify individuals and clubs interested. Some already notified have expressed appreciation of this service.

POLICIES AND RECORDS

In the absence of a staff manual or a file of active procedures, Miss Jordan has consulted with the staff, established policies and recorded procedures on recurring problems and processes. Eventually this material will become a staff manual.

A streamlined method of keeping financial records was recommended. A new efficient system recently adopted will save hours of time. Mr. Walder Engstrom, new treasurer, Mr. Frank Bartlett, auditor, Miss Jordan and Miss Pratt have telescoped and simplified bookkeeping, both in the checking account and at the library.

A new looseleaf Register of Borrowers replaces the old handwritten register, reducing errors; and book cards and their pockets are also typed instead of handwritten. Favorable comments have been made on their improved appearance, and on the elimination of the forbidding "Rules and Regulations" from the front inside cover of books. It is hoped that a simple artistic bookplate will be secured in 1948.

Miss Carolyn Pratt, in charge of statistics, also ably supervised the Adult Fiction inventory taken in the summer, and keeps the registration file up to date.

DISPLAYS AND EXHIBITS

Through displays we acquaint readers with library resources. Mrs. Lucy Rae, Circulation Assistant, is in charge of presenting the library's books appealingly, tying up the collection with community interests and news of the day.

We were privileged to show the work of local artists during National Art Week. Mr. David Crawley, Rev. George Parker of Carver, and Mr. Ben Resnick and Mr. Dexter Brooks all contributed displays during the year.

Plans are afoot to exhibit the work of Plymouth camera and art students.

BEHIND THE SCENES AT THE LIBRARY

The circulation of books at the desk, the most obvious work done in libraries, is only one of a library's many activities. Much time-consuming thought and human effort go on "behind the scenes" before a book is even ready to reach the circulation desk: discriminating book selection; ordering; verifying bills; classifying and cataloging; ordering printed catalog cards; the physical preparation of the books from stamping and pasting, to stylusing and shellacing.

Compiling records of books circulated, cash received and spent, books withdrawn or replaced—filing these records—and numerous other processes take time and planning.

1475 books were added to the library in 1947. Miss Hazel White has had charge of classifying and cataloging the adult, and Miss Ann Lucas handles the Junior books.

Reference work, too, does not show up in the circulation statistics, yet it serves one of the most important functions of a public library—providing information and the means of continuing one's education informally.

FRIENDS AND GIFTS

The library was pleased to receive as gifts:

1. 184 books including a collection known as the Edward Bass Campbell Memorial; another memorial for Rev. Alfred Hussey, from the Elizabeth Lombard Club; and another for Miss Mary C. Hubbell, from her cousins Mr. and Mrs. Thomas Skirm. These form a "living memorial" which benefits others.

2. Books from 27 individuals and the Plymouth Jewish Men's Club.

3. Colorful geraniums from Mrs. William S. Kyle; beautiful bouquets from Mrs. Charles Robbins; holiday greens from the Plymouth Garden Club; a metal flower holder and artistic blossoms from Miss Margaret Kyle; wasp-nests for the Junior Room from Mr. Bernard Ward; beautiful birch logs for the fireplace from Mr. Winthrop Bates of Duxbury.

4. Blueprints for a work-cabinet, drawn and generously given to the library by Mr. Oliver R. Johnson, architect and library-designer of Jamestown, N. Y., while he and Mrs. Johnson visited Miss Jordan last summer. The cabinet and work shelves, to be built just outside the librarian's office, will replace the present table crowded between two stacks.

THE LIBRARY AND THE COMMUNITY

The librarian attended an open meeting last summer at which the purpose of the proposed survey of Plymouth was explained. She reported to the president of the Board the privilege which the library has, as a town department, of submitting to the survey engineers the outstanding needs for the library's growth, together with estimated costs. This is a real opportunity to fit the library's future expansion-needs into the pattern of intelligent, long-range community-planning.

The library is an attractive one—especially its reading room—but its bookstacks and storage space are already overcrowded and steps must be taken soon to relieve this condition.

A Program Calendar was placed on the bulletin board in the fall to inform people of community programs and to help reduce conflicting meetings. Club secretaries or program chairmen were invited through the newspaper column to enter the name of their organization, its time and place of meeting, on the appropriate date. The library also offered to prepare small collections of books on the topic of the meetings, on request.

Readers are welcome to make suggestions of books for purchase. Community-wide suggestions enable us to serve community-wide reading interests.

PUBLICITY

Creating an appetite for its wares is one of the functions of the modern public library, if it is to succeed in its goal of serving every reader in the community. The Old Colony Memorial Press, in according "good coverage" to our activities and in publishing our lists of recent books, serves the reading public and the library, alike. We appreciate the cooperation of the editor and his staff.

JUNIOR ACTIVITIES

Miss Ann E. Lucas, Children's Librarian, reports that the Brotherhood of Nations was the theme of the 1947 Vacation Reading Club. Books of travel, history, geography and fiction about different countries, their people and their customs, emphasizing their similarities rather than their differences, were read and reported on.

During National Book Week in November, the new books were on display in their bright jackets and Miss Margaret Kyle delighted the children with stories.

In common with other libraries, this library now holds more frequent story hours, with Miss Lucas or local leaders of young people as volunteer story-tellers. Mrs. Sarah Doten and Mrs. Lucy Rae have kindly conducted several.

281 Junior Books were added in 1947 as against 220 withdrawn due to their condition. Some of them must be replaced, because of their permanent value and interest.

LORING LIBRARY BRANCH

Mrs. Minnie B. Figmic, Loring Branch Librarian, feels that the most tangible worth of the branch to its community is its contribution to the lives of the children and young people who make regular and devoted use of its books. The children of the Hedge School, grades 1 - 6,

come to get their cards as soon as they learn to print their names. Since many would not be able to get to the Main Library until entering Junior High School, it is at Loring Branch that they develop the reading habit during those impressionable years.

In November Mrs. Figmic visited the Hedge School to address the students at assembly, and to invite them to enjoy the new books and story hours planned for their pleasure during Book Week.

147 children and 6 adults enjoyed the December Story Hour at Loring, with Miss Kyle as story-teller.

Mrs. Margaret Bates handles the statistics at Loring. Her duties and the cataloging will be greatly facilitated by the purchase of a typewriter in 1948.

PLANNING AHEAD.

Immediate needs, such as adequate lighting and new shelving in the Reading Room, will be met in the near future.

The great and urgent need is for added stack room for new books. Even the basement Book Room, where some of the older standard, but less-used books have been placed in Active Storage, is overcrowded. A wing or enlargement of the library building is essential if the library is to maintain its standards.

A WORD OF THANKS

The librarian expresses appreciation to all who contribute towards the goal of a forward-moving library: the Board of Directors, members of the staff of the main and branch libraries, Mr. Vickery, Mrs. Cora Grady, the Selectmen and the Finance Committee who granted us additional necessary funds for fuel and staff additions last fall, and our Plymouth public, who, as taxpayers and as readers, support our program.

Respectfully submitted,

BARBARA A. JORDAN,

Librarian.

REPORT OF THE HARBOR MASTER

To the Honorable Board of Selectmen.

Gentlemen:

The usual amount of alewives was stocked at Manomet Stream. Eel River and Town Brook was stocked by the State.

A total of 10,225,000 pounds of fish was landed in Plymouth during 1947.

Last summer was busy season for yachting. Yachts from Maine to Florida visited Plymouth during the season.

Dories reported missing	68
Missing dories recovered	54

Respectfully submitted,

ELMER P. BOUTIN,
Harbor Master.

REPORT OF TREE WARDEN'S DEPARTMENT

To the Honorable Board of Selectmen:

During 1947 all street trees were sprayed for Elm Beetle, and they were sprayed as a protective measure against Dutch Elm disease. At present, we haven't any trees that are affected.

Trimming of shade trees was carried out, as usual.

We have planned a great deal of tree plantings this year.

Respectfully submitted,

JOHN A. KENNEDY

REPORT OF GYPSY AND BROWN-TAIL MOTH DEPARTMENT

To the Honorable Board of Selectmen:

The Browntail moths nests were cut and burned throughout the entire town, also on Saquish and the Gurnet: the state sprayed Saquish and the Gurnet this year with great success.

The Gypsy moths were not as bad as other years. The state figured that around 900 acres were infested.

The Fall Webworm and the Tent Caterpillar were not as bad as other years.

Respectfully submitted,

JOHN A. KENNEDY

REPORT OF COMMITTEE ON INLAND FISHERIES

To the Honorable Board of Selectmen.

Gentlemen:

This was one of the most successful years in obtaining fish for stocking purposes as we were able to get both white and yellow perch.

We were also fortunate in getting permission to remove fish from Little South Pond, the State Department of Conservation doing the work.

The number taken was 2914, consisting of 609 small mouth bass, 1,024 white perch 9 to 13 inches in length, 71 yellow perch 8 to 14 inches and 1210 hornpout 6 to 10 inches in length, and all without cost to the town. These fish were distributed among Plymouth ponds.

Your Committee has been promised more white perch for the year 1948 and it requests that the sum of three hundred dollars be appropriated.

Respectfully submitted,

FRANK L. BAILEY, Chairman
GEORGE L. GOODING
HOWARD M. MORTON

REPORT OF THE TOWN ENGINEER

To the Honorable Board of Selectmen:

No major construction project was carried out by the Town during 1947.

A survey and layout plan was made for Margerie St., easterly from Oak St., and this layout was accepted by the Town at the annual town meeting in March.

Main St. Extension was re-numbered from Leyden St. to Water St. and a plan of this is on file at the Town Clerk's office.

A survey and plan was made for Avery Road off Nook Road, and also for an alteration at the corner of Mt. Pleasant and South Sts.

Much time was spent on engineering work in connection with leased land at the Town Wharf and also with the damaged Water St. sea wall.

Miscellaneous engineering work was done for the Board of Assessors, the School Department, and the Park Department.

Respectfully submitted,

EDWARD CHASE,
Town Engineer.

ANNUAL REPORT OF THE FIRE DEPARTMENT FOR THE YEAR 1947

To the Honorable Board of Selectmen.

Gentlemen:

The high degree of efficiency is still maintained as will be seen by the report.

The department answered 518 calls; box alarms 134; still alarms 348; radio alarms 36.

BUILDINGS

There are still needed repairs at the Central Station, namely the pointing of the rear brick walls and chimney. The remodel of outer office and some of the sleeping rooms.

FIRE ALARM

As in the past reports the fire alarm should be renewed at Central Station, switch board and repeater.

The outside lines are in good condition but should be extended South from Cliff Street to junction of Warren Avenue.

RADIO

Radio F. M. sets are all in good condition and proved of immense value, not only to this department, but to the Forest Fire Department as well.

APPARATUS

All apparatus is in good condition, including Engine No. 5 which was remodeled this last year.

REPAIR DEPARTMENT

This department as stated in past reports is of great value to both the regular and the Forest Fire Department, all work of both being taken care of.

ORGANIZATION

Fire Commissioner, John J. Magee
Fire Chief, Everett B. Wood
Deputy Chief, Clifton B. Hatton
Chaplain, Reverend Ernest Pugh
Fire Dept. Surgeon, Dr. Harold H. Hamilton
4 Permanent Captains
2 Call Captains
3 Call Lieutenants
16 Permanent Men
40 Call Men

On May 1st of this year a call company was established at Manomet, with a complement of ten men.

One man deceased, Mr. Alston Tripp of the Manomet Company, who passed away December 4th, 1947.

REPORT OF FIRE DUTY

JOHN J. MAGEE,
Fire Commissioner.

REPORT OF FOREST FIRE WARDEN FOR THE YEAR 1947

To the Honorable Board of Selectmen.

Gentlemen:

I herewith submit report for the year 1947.

FIRES

During the year we reported to the State 56 fires, of these the largest being sixty acres, the average being one-half acre. We had an extremely dry season throughout the year, causing your warden to open up the Town Forest Tower in the Month of October for about one week. We had air patrol for three days by courtesy of the First Service Command.

The department laid 7,250 feet of $\frac{3}{4}$ " hose; 7,925 feet of $1\frac{1}{2}$ " hose; 3,300 feet $1\frac{1}{8}$ " hose. Water from booster tanks 43,335 gallons. Miles traveled 1,192.

EVERETT B. WOOD,
Forest Fire Warden.

REPORT OF THE TOWN FOREST COMMITTEE

To the Honorable Board of Selectmen:

A great deal of work was done this year in the town forest. The iron work on the tower had to be scraped and painted as it was rusted very badly.

Fire lanes were plowed.

A large amount of young pines were trimmed and brush burned.

Respectfully submitted,

JOHN A. KENNEDY.

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen:

The following is the report of the Police Department for the year ending December 31, 1947:

Number of arrests for the year 1947:

Males	548
Females	52

Total	600
-------	-----

Amount of fines imposed	\$5,625.00
-------------------------	------------

Property recovered	21,260.02
--------------------	-----------

Respectfully submitted,

RUSSELL P. DEARBORN,

Chief of Police

REPORT OF THE BOARD OF RETIREMENT

To the Citizens of the Town of Plymouth:

The Board of Retirement presents herewith its eleventh report covering the activities and condition of the Contributory Retirement System for the year 1947.

Pamphlets on the revised law on retirement systems were published this year by the Mass. Association of Cont. Retirement Boards and distributed among the members. Any who have not received one, may obtain a copy at the Town Accountant's office.

We lost by death during the year two of our pensioners, Abbott A. Raymond and Frederick W. Paty, and one of our active members, Alston C. Tripp.

Under 1947 legislation new employees, earning less than \$200 a year, are ineligible for membership but are covered in case of accidental death or disability.

REPORT OF THE BOARD OF PUBLIC WELFARE

The Board of Public Welfare presents herewith its Annual Report for the year 1947.

The members of the Board of Public Welfare on January 1, 1947 were Gordon S. McCosh, Chairman, Harold G. Roberts, and Andrew Rae, Jr.

At the Annual Town Election held on March 1, 1947, Gordon S. McCosh was re-elected a member of the Board of Public Welfare for three years.

At the organization meeting of the Board, following the Town Election and held on March 6, 1947, Gordon S. McCosh was again elected Chairman of the Board, Albert A. Saunders elected the Board Secretary and appointed Supervisor of the Department of Public Welfare, Edmund J. Priestley was appointed Supervisor of the Bureau of Old Age Assistance and Aid to Dependent Children.

The Board of Public Welfare as Directors of the Plymouth Town Infirmary appointed Russell L. Dickson, for the 41st time, the Superintendent of the Town Infirmary and Sarah A. Dickson as Matron.

The year 1947 presented a steadily increasing demand for Public Assistance. 177 cases were granted "outside" assistance during the year representing 682 persons, 129 applications were accepted for assistance and an additional 102 persons were interviewed and referred to other Private or Public Agencies or were denied Public Assistance for various reasons. 106 cases were closed during the year and 32 of these cases re-applied again during the year.

The usual Social problems, accelerated by the increase in "Loss of Employment" and the steady advance in living costs, were responsible for the continually increasing demand for Public Assistance.

30% of the applications for assistance were caused by "loss of employment—lay off or discharge"; 25% were caused by illness or disablement; 20% because of the death or absence from the home of the "worker" of the family, 10% because of the loss of contributions from legally liable persons; 5% due to the depletion of savings or other resources and 5% for other and various reasons.

The year closed with 102 "open" cases, 82 of which were with a settlement in Plymouth, 8 with a settlement in other towns or cities and 12 were without a settlement.

As the finance committee did not approve and recommend to the Voters at the Annual Town Meeting the requested necessary appropriation of funds to meet the estimated budgets and the Department of Public Welfare's anticipated increase in the demand for Public Assistance during the year 1947, the appropriation of \$65,210 made at the Annual March 22nd Town Meeting, supplemented by the \$3,438.54 remaining from the Special appropriation of October 14, 1946, failed to meet the demands made upon the Department of Public Welfare for relief, it was necessary on December 18, 1947 to request the finance committee for additional funds. The Finance Committee met in part the amount requested by making a transfer of \$2,019.60 which also proved inadequate, and in order to discharge the Legal obligations of the Board of Public Welfare to "Relieve and support all poor and indigent persons" under Chapter 117 of the General Laws of the Commonwealth, it was necessary to withhold the payment of several 1947 bills in the amount of \$2,055.60, owed to the Commonwealth and to other towns and cities, to be paid for from the 1948 appropriated funds.

INFIRMARY

The services and facilities of the Town Infirmary were extended during the year to 18 persons, eleven of whom were residents the entire year.

The high cost of Labor and materials made it necessary to postpone many of the needed improvements and only the emergency and necessary repairs and replacements were undertaken during the 1947 year.

Respectfully submitted,

GORDON S. McCOSH, Chairman

HAROLD G. ROBERTS

ANDREW RAE, JR.

Board of Public Welfare.

REPORT OF THE BUREAU OF OLD AGE ASSISTANCE

To the Citizens of the Town of Plymouth:

Presented herewith is the annual report of the Bureau of Old Age Assistance for 1947.

Old Age Assistance is a form of assistance provided for the aged citizens of Massachusetts who are sixty-five years of age or over, and who meet the requirements as established by law. This program comes under the Social Security Act, being administered by a local Bureau of three members in accordance with the law, and rules and regulations as issued by the State Department of Public Welfare.

The statutes of Massachusetts require that assistance payment in all categories of public assistance shall be based on need. Need may be defined as a condition resulting from lack of income or other resources sufficient to maintain a content of living compatible with health, self-respect, and decency. In order to determine the amount of assistance required by recipients, the State Department of Public Welfare issues a Standards of Assistance which is mandatory in the categories of Old Age Assistance and Aid to Dependent Children. The Standards of Assistance consist of three parts, each of which is necessary, (1) determining whether or not a person is in need, (2) what resources he has to meet this need, (3) and how much assistance is necessary. This budget is revised by the State Department of Public Welfare whenever it appears that it is not adequate to meet the needs of the recipients. There was one major budget change in 1947 which was effective as of September 1, 1947. The cost for this was not apparent until October as it was impossible to put the new budget into effect until that time. This increase has added approximately \$3,500.00 to the payroll each month.

A total of ninety-eight applications were taken in 1947, ten of which were withdrawn or rejected. Sixty-seven cases were closed during the year making a net gain of twenty-one cases. At the present time we have a case load of four hundred and forty-three which we expect to be increased considerably during the coming year. The average cost per case in December 1946 was \$57.09, but this has increased to \$64.75 per month in December 1947. However, the cost per case for the first nine months averaged \$56.58, but the new budgetary change which was paid in October increased the average cost per case considerably.

The cost for Old Age Assistance was \$306,296.44 in 1947 of which \$119,981.42 was paid by the Federal Government; there were recoveries from two cases amounting to \$574.07; and the State reimbursed \$124,711.01, making the net cost to the Town \$61,029.94. The money reimbursed by the State goes into the Excess and Deficiency funds of the Town and is not used directly for Old Age Assistance which is the reason that the State's share of the cost for this assistance must be appropriated each year by the Town.

As of October 1946 the Federal Government increased its participation in Old Age Assistance cases, and is now contributing on the basis of one-half the amount spent up to \$45.00 per month, plus an additional amount of \$2.50 for each case aided during each month, making the maximum participation in any case \$25.00 per month. The Federal Grants are always two months in arrears which is the reason the increased participation did not show up until 1947. The contribution from the Government increased from \$91,299.76 in 1946 to \$119,981.42 in 1947, and the reimbursement from the State increased from \$115,462.94 to \$124,711.01. The actual cost to the Town increased from \$55,233.06 in 1946 to \$61,029.94 in 1947 which means that the Town actually paid an average of \$11.82 per month for each case aided.

The Federal Government also changed its rate of participation for administration in October 1946, and the participation is now on the basis of fifty percent of the actual cost of administration for Old Age Assistance and Aid to Dependent Children. We have not been notified as yet what part of this fifty percent is retained by the State Department of Public Welfare for its share of the administration, but the increased allowance to the Town has been substantial. An amount of \$4,633.45 was received for the administration of Old Age Assistance and \$1,030.95 for Aid to Dependent Children, making a total paid by the Federal Government of \$5,664.40. Included in this amount is the adjustment for three months in 1946 as well as the participation for purchase and operation of the car purchased this year. The total amount spent for salaries to administer Old Age Assistance and Aid to Dependent Children in 1947 was \$8,355.11.

Respectfully submitted,

GORDON S. McCOSH, Chairman

ANDREW RAE, JR.

HAROLD G. ROBERTS

Bureau of Old Age Assistance.

REPORT OF AID TO DEPENDENT CHILDREN

To the Citizens of the Town of Plymouth:

Presented herewith is the annual report of the Board of Public Welfare for Aid to Dependent Children for 1947.

Aid to Dependent Children is a type of assistance given to a dependent child under the age of sixteen, or under the age of eighteen if still going to school, who has been deprived of ordinary parental care and support because of the death of either parent, divorce, desertion, separation, mental or physical incapacity of the parent, or commitment of the parent to a penal institution. As in other categories of assistance, this type is based on need, and the same rules regarding assets and resources apply to it. This aid comes under the Social Security Act, and we conform with the rules and regulations issued by the State Department of Public Welfare. The State also furnishes us with a mandatory budget which is revised in accordance with living conditions.

Both the Federal Government and the State Department of Public Welfare share in the expense for this category of assistance. The Federal Government is now reimbursing on the basis of one-half the amount spent up to \$24.00 for the first child, and one-half up to \$15.00 for each succeeding child each month, plus an additional allowance of \$1.50 for each child aided each month. The State continues to pay one-third of the entire cost for this category of assistance.

In 1947 the total cost for Aid to Dependent Children was \$52,886.60 of which the Federal Government paid \$12,260.65. The reimbursement by the State totaled \$17,628.86 which goes into the Excess and Deficiency funds. This made a net cost to the Town of \$22,997.09 for an average case load of 50 families with 100 children. The average cost per child aided is now \$46.45 per month.

The Federal Government also pays fifty percent of the administration for Aid to Dependent Children, and this money, together with the participation for Old Age Assistance administration, is used for salaries. Both categories of assistance are handled by the same staff, and the time spent for each category is determined by a time study conducted under instructions from the State Department. An amount of \$1,030.95 was allowed by the Federal Government in 1947 which included a portion of the cost and operation of the car purchased this year.

Respectfully submitted,

GORDON S. McCOSH, Chairman

ANDREW RAE, JR.

HAROLD G. ROBERTS

Aid to Dependent Children.

REPORT OF THE CEMETERY COMMISSIONERS FOR THE YEAR 1947

The Cemetery Commissioners present herewith their report for the year 1947:

Oak Grove and Vine Hills Cemetery

The Summer Street entrance has been greatly improved by the planting of several types of shrubs.

We have transplanted approximately 200 shrubs from our own stock to fill several beauty spots. The development of new beauty spots, together with the care and improvement of those already laid out has increased the attractive appearance of the Cemetery.

Some dead trees have been taken down and other trees that needed trimming have had attention.

An unsatisfactory drainage condition at a low spot on Forest Ave., that has been troublesome for years, has been cared for by the construction of a new dry well at this point.

Approximately 1200 sq. yds. of hard surfacing has been laid in the westerly part of Vine Hills Cemetery on the drive leading to the upper Samoset Street entrance at a cost of \$1800.

Burial Hill

Several trees on Burial Hill had to be removed and all the remaining ones were trimmed.

A new water pipe was laid from School Street to the top of the Hill and a drinking fountain will be erected during 1948, which should be a convenience to visitors.

There appeared to be a decided increase in the number of tourists during 1947 and it is our aim to keep the Hill in an attractive condition at all times.

Some of the walks near and around the Governor Bradford Monument have been resurfaced with asphalt.

All signs on the Hill were newly painted in 1947 and several new ones were added.

Manomet Cemetery

Ten new lots have been graded adjacent to the twenty mentioned in the 1946 report and we are planning to grade some additional single lots during 1948.

A hard surfacing has been laid at the upper and lower entrances at a cost of \$179.

Cedarville Cemetery

There is very little vacant land in the Cedarville Cemetery that can be sold for lots and it will soon be necessary to acquire additional land.

Joining the present cemetery, on the south, is an area containing about two acres, owned by Mrs. Lillian Kimball, that can be purchased for \$300.

We recommend an appropriation of \$300. for this purchase and \$500. for clearing and grading a portion of this land during 1948.

Veterans Graves

A survey was made of Veterans Graves in 1947 and as a result twenty-five graves were given necessary attention, at an approximate cost of \$125.

The Commissioners plan, during the coming year, to start grading a portion of the land acquired for the addition to Vine Hills Cemetery. We are asking for \$1,000. for this purpose.

We are again asking for an appropriation for a dump truck and we feel sure a real economy could be effected in the maintenance of all cemeteries under our charge by owning one.

Respectfully submitted,

ARTHUR E. BLACKMER, Chairman

RICHARD T. ELDRIDGE

JOHN B. FINNEY

Board of Cemetery Commissioners.

REPORT OF THE PLANNING BOARD

To the Honorable Board of Selectmen,
Town House Plymouth, Mass.
Gentlemen,

The Planning Board has operated this year under the Chairmanship of Allen D. Russell; Mr. Arthur E. Blackmer, Secretary.

Most of the work this year has been put in on the bypass for two reasons. First, that seemed to be the most important item, and second with so much that must be done there seemed little point in planning that which might be done; especially as our working funds were cut so deeply nothing could be done anyway.

There follow the Municipal Finance figures to go in the financial chart in the spaces allowed for 1946;

ANNUAL NURSING SERVICE REPORT OF THE PLYMOUTH COMMUNITY NURSE ASSOCIATION 1946 -- 1947

During the year October 1, 1946 through September 30, 1947, there were 3,063 visits made to patients. These included 2,646 for Non-Communicable Disease Service, 128 of which were office visits. The nursing to these patients included general bedside care, treatments, surgical dressings, hypodermic injections and the teaching of patient and family to carry out further care. 18 visits were made to two children admitted to the Crippled Children Service. One of these patients was taken to a Muscle Training Clinic at the Children's Hospital, Boston, for treatment and instruction for exercises on several occasions. Transportation for this was provided by the Red Cross Motor Corps. Two patients with tuberculosis were followed for 13 visits. 158 visits were to infants and preschool children, 100 of which were to new born infants; 16 to school children and 35 to adults for Health Service. Assistance was given by the nurses at 12 Home Deliveries with 36 visits for prenatal care and 51 visits for after care of the mother and baby. 508 visits were made to patients in Kingston. Since January 1, 1947, the Plymouth Community Nurse Association is being reimbursed by the Kingston Board of Health for all free visits made to Kingston residents who are not receiving Welfare or Old Age Assistance. The latter are paid for by the Kingston Department of Public Welfare.

Of the total number of visits made, 891 were full pay, 634 part pay, 936 free and 184 supervisory visits. It is interesting to note that there were 1,115 fewer free visits this year. The Association was reimbursed by the Metropolitan Life Insurance Company for 209 visits to their policy holders and by the John Hancock Mutual Life Insurance Company for 155 visits. Nursing care was given on 769 visits to patients receiving Welfare Aid and Old Age Assistance.

There were 18 Well Child Conferences held, an increase of 3 over last year, with Dr. Dorothea M. Moore, a Boston Pediatrician, the examining doctor. 237 infant and preschool visits were made to these conferences, 40 more than last year. Miss Jane Bradford, School Dental Hygienist, was present at several clinics to examine teeth and give dental health instruction to the mothers.

The nurses assisted at 4 Diphtheria Immunization Clinics held by the Board of Health. Also, assisted with the Community Case Finding X-ray Survey for Adults held in the spring when 819 persons had chest x-rays taken by the technicians of the Plymouth County Hospital for Tuberculosis in cooperation with the Plymouth County Health Association.

There has been a change in the personnel on the Staff this year with the return of Miss Beverly Karle on July 14 after completing her year's course of study at Simmons College, Boston, in Public Health Nursing. Miss Catherine McHugh left the Staff on June 14 having come to us as a temporary member to relieve while Miss Karle was on leave of absence.

We are grateful to Mrs. Mary Rushton for her part time assistance with the nursing during June and July and to Miss Alta Bumpus for vacation relief in August and September. Also, we wish to express our appreciation for help received from Mrs. Dorothy Killmer and Mrs. Christine Darsch.

EMILY J. PEARSON, R. N.
Supervisor.

Report of An Audit
of
The Accounts
of the
Town of Plymouth

FOR THE YEAR ENDING DECEMBER 31, 1946

**Made in Accordance with the Provisions of
Chapter 44, General Laws**

May 21, 1947

The Commonwealth of Massachusetts

DEPARTMENT OF CORPORATIONS AND TAXATION

DIVISION OF ACCOUNTS

State House, Boston 33

May 21, 1947

To the Board of Selectmen

Mr. Herbert H. Lanman, Chairman

Plymouth, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Plymouth for the year ending December 31, 1946, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,

Director of Accounts.

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Plymouth for the year ending December 31, 1946, and report thereon as follows:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined, checked and reconciled with the town accountant's records.

The books and accounts in the town accountant's office were examined, checked, and compared with the records of the several departments in which money is collected or bills are committed for collection, and with the records of the town treasurer.

The ledger was analyzed, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1946. This balance sheet indicates that the town is in very good financial condition.

The appropriations, loan orders, and transfers, as recorded on the ledger, were checked with the town clerk's record of town meeting votes and with the records of the finance committee.

In checking the town clerk's records of town meeting proceedings, it was noted that at a special town meeting held March 23, 1946 the town voted to issue a loan of \$50,000 for remodeling the old high school building, as authorized by Chapter 105, Acts of 1946. There was no compliance, however, with the requirements of the act that indebtedness incurred thereunder shall be subject to the limitation contained in the first paragraph of Section 7, Chapter 44, General Laws, which states that no

loan may be issued unless a sum equal to twenty-five cents on each one thousand dollars of the assessed valuation of the town for the preceding year has been appropriated from available revenue funds or voted to be raised by taxation for the purposes set forth in the vote in the year when the loan is authorized. Attention is also called to Section 2, Chapter 44, General Laws, which provides in part that no debt may be authorized under a special act except by a two thirds vote.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and checked with the accountant's ledger, with departmental records, and with other sources from which money was paid into the town treasury, while the payments were compared with the selectmen's warrants authorizing the disbursement of town funds.

The cash book footings were verified, and the cash balance on March 15, 1947 was proved by verification of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

In connection with the deposits of town funds, attention is called to Section 55, Chapter 44, General Laws which reads as follows:

"A city or town shall not at any one time have on deposit in a bank or trust company an amount exceeding sixty per cent of the capital and surplus of such bank or trust company, unless satisfactory security is given to it by such bank or trust company for such excess".

The savings bank books and securities representing the investment of the trust, investment, and retirement funds in the custody of the town treasurer were examined and listed. The income was proved and all recorded transactions were verified.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title

account were compared with the collector's records, the reported redemptions and disclaimers were verified, and the tax titles on hand were listed, reconciled with the accountant's ledger account, and compared with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked in detail. The taxes and assessments outstanding at the time of the previous examination and all subsequent commitment lists were audited and proved to the warrants issued for their collection. The receipts, as recorded, were checked with the payments to the treasurer and with the town accountant's books, the abatements as recorded, were compared with the Assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the accountant's ledger accounts.

The records of departmental and water accounts receivable were examined and checked in detail. The recorded receipts were checked with the payments to the treasurer and with the accountant's books, the abatements as recorded were compared with the records in the departments authorized to grant abatements, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The outstanding tax, departmental, and water accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of licenses and permits issued by the selectmen, the town clerk, and the health department were examined and checked in detail, the payments to the State and town being verified.

The records of receipts of the sealer of weights and measures and of the school department, as well as of all other departments collecting money or committing bills for collection, were checked with the treasurer's and accountant's books.

The surety bonds of the several town officials required by law to file them were examined and found to be in proper form.

In addition to the balance sheet, there are appended to this report, tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, departmental, and water accounts, as well as tables showing the transactions and condition of the trust, investment, and retirement funds.

For the cooperation received from the several officials of the town during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

PART II

Annual Report

OF THE

Town Accountant

OF THE

Town of Plymouth

**For Year Ending December 31,
1947**

THIRTY-SIXTH ANNUAL REPORT OF THE TOWN ACCOUNTANT

For the year ending December 31, 1947

To the Board of Selectmen,
Town of Plymouth
Gentlemen:

I submit herewith report of the financial transactions of the Town of Plymouth for the year ending December 31, 1947, the several schedules being in the following order:

Schedule A. Cash Receipts and Cash Payments as reported to the Division of Accounts of the Commonwealth.

Schedule B. Departmental and all special appropriations and such receipts, including Federal Grants, as may be legally expended without specific town meeting appropriation with all payments from same classified as to purpose.

Schedule C. Estimated Receipts, other than from local taxes, as used, with the approval of the Tax Commissioner, by the Assessors in making the 1947 tax rate. Schedule also shows the actual cash receipts from the same sources.

Schedule D. Revenue Account for 1947, including a list of all **current year's** unexpended appropriation balances closed into it at the end of the year.

Schedule E. Excess and Deficiency Account.

Schedule F. Balance Sheet, Dec. 31, 1947.

Schedule G. and H. Bonded Indebtedness, January 1, 1948.

Schedule I. List of Trust Funds and Town Investments, as of December 31, 1947.

Schedule J. Calculation of the town's borrowing capacity on January 1, 1948.

The only overdraft was for Snow and Ice Removal in the amount of \$1,235.66, caused by the heavy snow removal expenses the last week in December.

The following unpaid bills were reported:
Board of Health:

To Herbert K. Bartlett for issuing burial permits \$65.50
Public Welfare Dept.:

To Gladys M. Higgins, 1947 bonus \$25.95

No money had to be borrowed on temporary notes during the year, the total cash balance at the end of the year being over \$478,000. The revenue cash balance of nearly \$409,000 is our highest on record.

The Excess and Deficiency balance at the end of the year was over \$330,000. While less than a year ago, the balance is still well over any figure that could have been anticipated, in view of the fact that \$115,600 was appropriated from this account in March. Schedule C shows the source of \$69,000 of this recovery, the other \$20,000 being mostly unused appropriation balances returned.

It is my sincere hope that our Stabilization Fund, started last year, will be increased this year by at least another \$25,000, if not by the maximum of \$39,000.

Respectfully submitted,

CORA B. GRADY,

Town Accountant.

payable \$13,000.00 annually 1939 to 1945
and \$12,000.00 annually 1946 to 1951.
Maturity Date 1951

WATER LOAN

One per cent bonds, dated August 1, 1946
payable \$15,000.00 annually 1947 to 1956
Maturity Date 1956 \$135,000.00

SCHEDULE I

TRUST FUNDS

CEMETERY PERPETUAL CARE FUNDS

As the funds have to be written up at the bank at least three times each year, the only practical way of keeping them is in the order of deposit date and bank book numbers; the older funds at the head and the new funds placed each year at the end of the printed lists.

A fund always appears in the same position relative to the others.

Beginning in 1940 and continuing in subsequent years sub-page numbers will be printed to facilitate reference to any particular fund by those interested.

An alphabetical index of the Perpetual Care Funds is kept in the Town House, for quick reference.

Deposited in Plymouth Five Cents Savings Bank:

REPORT OF SCHOOL COMMITTEE

TEACHERS' SALARIES

The appropriation for 1947 enabled the Committee to take a first step toward adjusting teachers' salaries to the new schedule described in our report of last year. This schedule recognizes both the professional training and the experience of the teacher. Women teachers of like training are eligible to the same salary scale regardless of the grade level on which they are teaching. Likewise, men teachers of equal training are eligible to the same salary scale, which is \$400 higher than the scale for women. Though the Committee increased salaries in 1947 toward the amounts due the teachers on the new schedule as indicated by their preparation and experience, certain limits were set, namely, \$150 as a minimum to any teacher and \$350 as a maximum. Due to these limits, only one-fourth of the staff reached the salaries due them on the new schedule. Substantial progress toward adjustment was made in the case of the remaining three-fourths, who were, for the most part, elementary teachers and women of long experience in the Junior and Senior High Schools.

The average salary of Plymouth teachers has increased a total of 56.6% since the school year 1940-41 when the cost of living began to increase markedly. During the same period the cost of living has increased 60.1%. Wages of industrial workers have more than doubled. Until still further improvement in the compensation of teachers takes place generally over the country, altogether too few capable young men and women will feel that they can afford to consider teaching as a life work. It must be clear to all thinking citizens that there is no place in the life of America today where our most able young men and women are more needed than in the public schools as teachers of our boys and girls.

NEED FOR ADEQUATE STATE AID

It should be clear to all that the rapid increase in school costs coupled with that in other public services cannot and should not be borne by real estate. Other types of wealth as well as of earning and producing ability should share in meeting these increased costs. Since public services, of which education is one of the most important, are of value to all our citizens, the increased costs of these public services should be shared by all and not met from local real estate taxes alone. Massachusetts contributes from the State Treasury only 7.2% of the cost of schools and ranks 44th among the 48 states in the respect. On the average, the 48 states contribute 34% of the local school costs. Since the state is a much more effective collecting agency of many types of taxes than the Town could possibly be, state revenue should bear a much larger share of the costs of education and the real estate taxes collected by the towns should bear a smaller part of the cost. We call upon our citizens, therefore, to support such a plan as sponsored by Governor Bradford and various state commissions in 1947 looking toward a marked increase in state aid for education. Though the General Court failed to adopt the measure last year, a continuing and concerted effort is being made again this year by important state organizations, including the Mass. Association of School Committees, the Mass. Teachers' Federation, the Mass. Parent Teachers' Association, the Mass. School Superintendents' Association, and the Mass. League of Women Voters. The proposal now being urged is that the state increase its contribution to education from general revenues to the extent of \$28,500,000 annually. Plymouth's share would be about \$140,000. Such a measure would enable the towns and cities of the Commonwealth to make the necessary increases in teachers' salaries and to reduce decidedly the present tax now required from real estate toward the support of the public schools. Though the citizens of all communities would contribute toward this

larger state support, the methods of state taxation would doubtless distribute the cost more generally over the population, rather than add it to the already high real estate tax.

SALARY INCREASES FOR 1948

In view of the fact that the anticipated amount of state aid has not yet materialized, the Committee does not feel warranted in requesting the Town for sufficient funds to complete the adjustment of all salaries to the new schedule in 1948 as asked by the Plymouth Teachers Club. When the salary schedule was adopted last year it was stipulated that further adjustment of salaries to the new schedule would be dependent on our receiving further financial assistance from the state and upon salary trends generally. The legislature in 1947 did enact a law providing for a relatively small measure of new assistance effective in 1947, namely, about \$1,000,000 to be distributed to those towns that have unusually large transportation costs. Plymouth received from this source in 1947 the sum of \$6,841.50. This aid is not ear-marked for transportation, but is an extra financial credit to the town on account of schools and comes to us in view of the fact that we have unusually large transportation costs due to our large area. Were it not for these exceptionally large transportation expenses a greater proportion of our school appropriation would be devoted to teachers' salaries. In the light of this new receipt from the state and in view of the fact that our receipts from tuition in 1947 were greater by \$4,198 than in 1946, the School Committee asks that the Town apply approximately the sum of these two additional amounts of income toward adjustment of salaries to the new schedule. This will permit us to make limited increases within a maximum of \$150 to any teacher and a minimum of \$100. There can be no doubt that these increases are fully warranted in the light of salaries now being paid in towns of our class as well as in the light of salaries now being paid to graduates of teachers' colleges without experience beyond that

of practice teaching. The cost of living factor, too, has continued to decrease the purchasing power of the dollar through 1947 until it is worth but 63c as compared with the pre-war dollar. The average increase we contemplate for teachers will no more than offset the lowered value of the dollar. It is our hope that the 1948 salary appropriation will also enable us to make an increase of 15% to \$300 to the health staff, clerical workers, janitors, and lunch staff members as is being recommended for the employees of other town departments.

NEW HEATING PLANT AT HEDGE SCHOOL

Though there have been some delays in securing all the accessories in connection with this new plant, the furnace has been in operation throughout the heating season and the contract is now nearly completed. The new oil burning plant with the vacuum system is proving to be very efficient. Rooms formerly hard to heat are now comfortable. The services of a part-time woman for help in sweeping and cleaning are found to be necessary since the elimination of one janitor. We estimate that the net saving in operation for the year 1947-48 from the installation of the new furnace will be about \$700.

NEW ELEMENTARY BUILDINGS — NECESSARY

The most important need occupying our attention is that of new and additional elementary school accommodations. The Cornish-Burton and Cold Spring buildings should be abandoned as soon as modern schoolhousing facilities can be provided. The impending growth in the school population as set forth in the 1947 report of the School Department, together with the oversized classes we now have, make the construction of two new elementary buildings of early concern. Our Committee has been in consultation with the Special Town Survey Committee on questions of location. Five different sites other than the present one have been under consideration for a new Cornish-Burton School. Several of these would involve

an extraordinary amount of grading as well as the purchasing of a considerable amount of property. The present site is not adequate for a large centralized school, but would accommodate a building of moderate size. A loan has been secured from the Federal Works Agency to pay for plans and specifications for a new Cornish-Burton building of 12 classrooms and supplementary rooms. That such a building is very much needed to replace the two antiquated wooden buildings is clear to all. We expect to present the plans to the Town for consideration as soon as building costs recede from the extraordinary peak they have now reached and again show some degree of stability. It is clear, however, that if it should be decided to construct a new Cornish-Burton building of not more than 12 classrooms, this would be only a partial answer to our problem since a building of this size would house scarcely more than the number of pupils already housed there in the 11 classrooms. You are referred to the following report of the Superintendent of Schools for data showing the trend of growth in school population and the indicated date when further facilities will be required.

Plymouth School Committee

**RESOLUTIONS ADOPTED BY MEMBERS OF
PLYMOUTH SCHOOL COMMITTEES,
FEBRUARY, 1948**

WHEREAS, Mrs. Fannie T. Rowell has served the Town of Plymouth during the past twenty-five years as a member of its School Committee and as the Committee's Secretary for the entire period, during which time we, the present and former members of the School Committee undersigned, have been witnesses of the valuable service she has rendered and;

WHEREAS, Mrs. Rowell now finds it necessary to relinquish the responsibilities of service on the School Committee,

BE IT RESOLVED, that we convey to her an expression of our good will, of our highest esteem, of our most sincere appreciation of her eminently fair judgments, of her steadfast adherence to high standards and ideals in the administration of our public schools, and of her long continued devotion to the educational interests of the boys and girls of Plymouth, and;

BE IT FURTHER RESOLVED, that we express to Mrs. Rowell our earnest hope that her customary vigor will be restored and that in the years ahead she may enjoy the deep satisfactions that come to a citizen who has served the public interest so ably, conscientiously, and honorably through so many years.

REPORT OF SUPERINTENDENT OF SCHOOLS

Members of the School Committee:

It is a pleasure indeed to submit for your consideration a report dealing with certain changes required to meet changed conditions and with certain evidences of progress made in our schools during 1947. I am also emphasizing several important needs with which we are confronted.

INEVITABLE GROWTH IN SCHOOL POPULATION

By a strange coincidence our elementary school enrollment in December 1947 was identical with our enrollment in December 1946, namely 1204 pupils. Our Junior and Senior High School membership shows twenty-two more pupils than one year ago. We should not be put at ease by the fact that our elementary membership showed no increase during 1947. Plymouth will not be deprived of the exceptional growth in school population that inevitably follows a war period. Our births in Plymouth during the past two years when contrasted with those in the previous ten years show incontrovertible evidence. The average number of births in Plymouth for the decade 1936 to 1945 was 203. However, the year 1946 brought 266 births and 1947 brought 329. Table I below shows the number of births by years for the decade 1938-47 as well as the estimated number of births for the next six years 1948-53 inclusive. In forecasting the births for the latter six years I have projected the Plymouth birth rates by applying the same variations that appeared in the Mass. birth rate during a similar period following World War I. At that time the peak of the birth rate was reached in 1920 and 1921, two or three years after the close of the war. The 1947 birth rate promises to be the peak following World War II as marriages in Plymouth in 1947 were about 10% less than in 1946.

Table I. Births in Plymouth for Ten-Year Period 1938-1947, and Forecast of Births for Six-Year Period 1948-1953.

1938	190	1946	266
1939	176	1947	329
1940	201	1948	296
1941	202	1949	292
1942	226	1950	299
1943	252	1951	303
1944	221	1952	282
1945	176	1953	271

Table II. Approximate Relation of Births to Grade Enrollments.

(Plymouth experience over a period of years shows the following relation between grade enrollment in any year and the number of births from 6 to 11 years earlier).

Grade I	119% of births 6 years earlier
Grade II	105% of births 7 years earlier
Grade III	101% of births 8 years earlier
Grade IV	98% of births 9 years earlier
Grade V	96% of births 10 years earlier
Grade VI	92% of births 11 years earlier

Table III. Forecast of Elementary Enrollments from 1948-1959, also of the Number of Classrooms needed to Accomodate These Enrollments.

Enrollments	Classrooms Needed**
1948 — 1208	41
1949 — 1281	44
1950 — 1308	44
1951 — 1297	44
1952 — 1375	47
1953 — 1516	52
1954 — 1582	54
1955 — 1623	55
1956 — 1701	58
1957 — 1821	62
1958 — 1829	62
1959 — 1769	60

- * Enrollments forecasted for 1954 to 1959 are based on estimated births during the period 1948 to 1953.
- ** On basis of 30 pupils per classroom as an average plus two rooms for 30 practical arts pupils.

ELEMENTARY BUILDINGS NEEDED BY SEPTEMBER 1952

On the basis of the pupil-teacher ratio used, namely 30 pupils to the teacher as average, we are now in 1948 short by four classrooms since we have but 37 full-size classrooms in our seven elementary buildings. These include one basement room. This situation accounts for our relatively high pupil-teacher ratios. We now have 28 classes over 30 and ten classes under 30.

NEW CORNISH-BURTON

As indicated in the School Committee's report of last year a very urgent school building need is the replacement of the two old wooden buildings known as the Cornish-Burton School by a modern building. Unfortunately the size of a new Cornish-Burton School is restricted by the size of lots available or that can be made available. Because of the irregular terrain in this part of the village and because of the density of population a site of suitable area for a large sixteen or twenty-room elementary building cannot be provided without an excessive expenditure for grading and for the purchasing of taxable property. A building with twelve classrooms on the first and second floors and probably two or three classrooms on the basement floor if contours are such as to permit of a well lighted basement floor seems to be as large a building as we can hope to provide for in this area. Even then play areas and areas for landscaping to make the building attractive would be very limited. This section however has the largest school population and the children attending this school are much in need of a modern building and equipment.

NEW COLD SPRING

A new elementary building of eight classrooms and supplementary rooms is indicated for the Cold Spring area because of the following circumstances: First, a building in that location can readily relieve the pressure on both the Cornish-Burton and the Hedge buildings. Second, the Cold Spring area is growing in school population and the prospects are that the growth will be even greater in the next several years. Third, the present building is extremely old and is located on a much traveled artery. Fourth, the town owns in that area a spacious site, formerly known as the Murray lot. This has approaches from three streets and is adequate for enlarging the school building as occasion may require and for suitable play areas.

BUILDING NEEDS BY 1958

In considering the forecast of increasing enrollments in our elementary grades for the next twelve years, it must be borne in mind that there are factors that might affect the forecast very materially. The birth rate may decrease more rapidly than it did in Massachusetts after the first World War. Industrial conditions may change so that more families with children will move to Plymouth or away from Plymouth than has been the case in the past decade or two. There may be the continuance of the decentralizing movement of the population away from our larger centers out into the smaller communities such as Plymouth. Indications of such trends will require study during the next several years. In the meantime plans should be made for the erection of two new elementary buildings as indicated above. A new and larger school for the Manomet area may be required as well as an addition to the Mount Pleasant providing not only classrooms but an assembly hall which that school very much needs. The extent of our growth and the location of new housing developments will be the factors that will determine the location of our new elementary buildings as well as the order in which they should be

constructed. The indicated needs in Table III suggest the possibilities that we face in regard to school housing requirements for our younger pupils. The new buildings and additions suggested above would furnish about 19 of the 25 new classrooms required by 1958 if the elementary population should reach the number forecasted for 1958.

CHANGES IN PERSONNEL

Several of our teachers who have rendered worthy service in the Plymouth schools for many years resigned during 1947. Miss Flora Keene, teacher in the Knapp School from 1912-21, in the Alden Street School 1921-26, and in the Cornish School grade 2 for the past twenty-one years, retired after a total of thirty-five years as teacher in Plymouth. Mrs. Helen Perrier Muthig, a member of the Plymouth staff since 1922, resigned as teacher of grade 3 at the Cornish in order to be married. Mrs. Muthig continues in her position as Director of Americanization. Mrs. Beatrice Garvin, supervisor of physical education in elementary schools from 1924-34, adding the Junior High School girls in 1934, and from 1939 giving full time to the Junior and Senior High School girls, was granted a leave of absence in the fall because of her health and later resigned. Miss Katherine Lang, teacher of commercial subjects in the High School for the past seventeen years, resigned to accept a similar position in Haverhill.

Four other teachers who have been with us for shorter periods terminated their services in June. Mrs. Emma Anderson, teacher of grades 1 and 2 at Manomet for the past two years and earlier in various elementary schools in Plymouth, resigned because of home duties. Miss Eleanor Anifantis, Supervisor of Vocal Music for the past two years, resigned because of home ties and accepted a position in Winchester. Mrs. Dorothy Morton Sturtevant, teacher of primary grades at the Hedge for the past two years, resigned to be married. Mrs. Edith Matthews of Wareham, who taught grade 1 at the Hedge during 1946-47, resigned to take a school near home.

Miss Evelyn Peck, teacher of grade 4 at the Hedge, was granted a leave of one year for the purpose of further study at Concordia Teachers College. Mrs. Marjorie Viets was granted a leave for the fall term on account of her health. Mrs. Marie Southwell Amaral, clerk at the Cornish since 1945, resigned in November, her place being taken by Mrs. Barbara Raymond Bissonnette, class of 1947, Plymouth High School.

New appointments were made as follows: Miss Maxine Swett, formerly at Mt. Pleasant, to grade 3 Hedge; Miss Mary Connolly, formerly a teacher in high schools of Hanover and Boston, to the social studies position in Senior High taking the place of Mrs. Helen Bagnall, who was transferred to the commercial department; Mrs. Amedea Parkhurst, formerly a teacher at Cornish, to grade 2 Hedge; Mrs. Jeanette Shaw of Carver, and formerly teacher in Attleboro, to grade 4 at Hedge as substitute for Miss Peck; Mrs. Rose Watkins, formerly teacher in Winthrop, to Oak Street grades 1 and 2; Mrs. Evelyn Gellatly, formerly teacher at North Adams Training School, to grade 3 Burton; Miss Ann McNamara of Haverhill and graduate of Bridgewater Teachers College 1947 to grades 1 and 2 Manomet; Mrs. Frances Picard, formerly supervisor of music in Plymouth to the position vacated by Miss Eleanor Anifantis; Mrs. Gladys Higgins, formerly teacher at Mt. Pleasant, to the position of assistant in grade 1 at Manomet; Miss Jeanne Fabian, a graduate of Posse School of physical education in 1947, as substitute supervisor of physical education for girls; and, Mrs. Jean Patenaude, formerly teacher of English in the Junior High School, as substitute for Mrs. Marjorie Viets in English and Latin.

Transfers were made as follows; Mrs. Olga Anderson, grade 2 Hedge, to grade 1; Miss Dorothy Judkins, grade 2 and 3 Burton, to grade 2; and, Miss Janet Broadbent, grades 1 and 2 Oak Street, to grades 2 and 3 Cornish.

VETERAN'S EDUCATION

The Veteran's Education Center at the High School was continued throughout 1947. Classes are held on Monday and Thursday evenings from 6:30 to 8:30. The purpose is to serve the veteran's education needs in Plymouth, Carver, Kingston, Duxbury, and other nearby towns. Classes are conducted on the tutorial self-study basis. The state pays instructors and provides outlines, the town of residence furnishes textbooks, and Plymouth furnishes the meeting place.

Since the veteran's educational interest is in refresher work for higher schooling and the obtaining of credits for a high school diploma, the subjects being offered are: English, U. S. history, Algebra, geometry, basic mathematics, chemistry, and physics. Mario Romano is serving as instructor-coordinator and is being assisted by Arthur Pyle and Carlo Guidoboni as instructors.

Up-to-date, ninety-eight veterans have enrolled in the school. Of these many have taken subjects not for credit but for refresher purposes. Others have enrolled for the purpose of keeping up an interest in school with the hope of entering higher training schools sometime in the future. Twenty-six have gone on from the regional center to colleges or technical schools, eight have received high school diplomas, and fifteen are continuing to work for them.

DRIVER EDUCATION

The course in Driver Education and Training being given by Richard Smiley of the High School staff has as its principal object the saving of lives and reducing injuries through the teaching of safe-driving practices. The main emphasis is on developing right attitudes in pupils who are beginning to drive and the secondary object is to teach the the skills and technique needed in driving. The fact that drivers in the sixteen-to twenty-year group have the worst accident record of any age group explains the need for the course during the senior high years. Carefully obtained statistics show that such train-

ing definitely reduces accidents in this age group as much as fifty per cent.

In Plymouth High School, this course is planned to cover a half-year, with two and a half points credit being given toward graduation. Each class has two periods a week of classroom instruction and three periods of actual driving instruction, observation, and practice. Any pupil sixteen years of age or over may take the course. Forty-four pupils elected it during the first half year. The nature of the work is such that the classes must necessarily be kept small.

While it is difficult as yet to appraise fully the results of this course, it seems evident that the pupils are developing good safety attitudes and it is probable that at the conclusion of the course many of them will have acquired sufficient driving to pass the state drivers' test and secure their licenses, if they wish to do so. In fact in the first group to try the test for a license, 13 of the 14 pupils taking the test were successful, and 33 of 39 pupils who took the written examination received a mark of 80% or better.

IN AID OF OTHERS

Junior Red Cross

During the year 1947, the Junior Red Cross has sent candy and holiday favors to the West Roxbury General Hospital.

Small articles such as soap, toothpaste, pencils, crayons, and similar things have been collected in the elementary schools for gift boxes which are sent to European children.

During the November enrollment drive \$155.61 was collected in the schools bringing the total amount of cash on hand to \$592.75. These worthy activities were under the direction of Janet Broadbent of the Cornish School staff.

Save The Children Federation

In October "Bundle Day" was held in the Plymouth schools for the purpose of making the annual collection

of used clothing for the benefit of needy children in European countries. The sponsoring organization is Save the Children Federation with headquarters at 1 Madison Avenue, New York. The collection in the Plymouth schools was the fifth annual collection that has been made and yielded 2,260 pounds of clothing. The Hedge School assembled the largest amount with Mount Pleasant taking second place. The total amount of clothing collected during the last five years in this way has reached 9,779 pounds or nearly 9 tons.

It is believed that such efforts will not only help to meet the needs of distressed children but will serve to strengthen the attitude of good will among our own pupils.

THE ELEMENTARY SCHOOL LUNCH PROGRAM

The elementary school lunch program is now serving about 300 pupils in three different schools, Cornish-Burton, Hedge, and Manomet. The Cornish lunch was opened in the spring of 1943, the Hedge in the fall of 1946, and the Manomet in the fall of 1947. The subsidy from the Federal Department of Agriculture together with surplus commodities received from the same source enable us to furnish the children with a complete nutritious meal at a very nominal price. The original price of the meal was 15c. Owing to the rapidly increasing cost of food it has been necessary to increase this price first to 20c and more recently to 23c. All food is prepared at the Cornish and transported in vacuum containers to the Hedge and Manomet Schools.

The Town appropriates the funds needed to provide lunches for the fiscal year. Receipts from the sale of lunches and reimbursements from the Federal Department of Agriculture are turned over to the Town Treasurer. The elementary school lunch is maintained on a self-supporting basis over a period of years—except in the matter of equipment which the town provides. In the four years, 1943 to 1946, balances exceeded deficits by \$249.96. During 1947 food costs continued to rise and the

Federal assistance decreased so that expenditures exceeded receipts by \$553.63. There was an inventory value of approximately \$150 at the end of the year. The higher price of meals will enable us by the close of this school year to balance the books for the five-year period.

These lunches serve not only transported pupils but but those whose parents are working and cannot be at home during the noon period. Such lunches are also available to some children who live such distances from school that it is difficult to walk both ways during the noon period. The meals served to the pupils in our elementary school lunches are required to meet certain standards of nutritional value and balance prescribed by the State Office of the Community School Lunch organization. Our lunch accounts are audited by the same office as well as by the Federal Department of Agriculture.

ACHIEVEMENT IN THREE R'S

During the elementary period of the child's school life, the schools endeavor to help him develop those attitudes, habits, and ideals that make for good citizenship. Teachers observe that some pupils make faster progress than others toward this goal. The rate of progress in these aspects of growth however is not susceptible to mathematical measurement.

During this same elementary school period, teachers have the much more definite task of helping pupils acquire the elementary tools of learning familiarly called the three R's. The child's progress in this direction can be measured with some degree of accuracy by the use of the standardized tests. Such tests are given in the schools of Plymouth each May and enable teachers to determine the achievements of each child in each tool subject in terms of grade standards. In May of 1947 the Metropolitan Achievement Test, Form C was given in Plymouth grades one and two, and the revised Stanford Achievement Test, Form E was given in grades three, four, five, and six. The results shown in the table below reveal that the average achievement of Plymouth pupils was

above standard in all the tool subjects in all grades except in second-grade number work which was at the exact standard of the test.

ACHIEVEMENT TESTS, MAY 1947

*Median

PLYMOUTH SCHOOL COSTS

Though the state makes certain minimum requirements upon the towns and cities as to school privileges that shall be made available to all children, neither the state nor any higher authority indicates how much a community should tax itself to provide these opportunities or how much should be spent for each pupil per year for school purposes. Our standards for comparing school costs therefore must be found in the practice of Massachusetts communities that have a similar type of school system to ours, namely, elementary, junior, and senior high schools and communities nearest the size of Plymouth. In the table above such a comparison is given. The towns in this group are the twelve next larger than Plymouth and the twelve next smaller that have elementary, junior, and senior high schools.

It is clear from this table that our valuation per capita of \$1616 is above that of the median town in this respect, West Springfield, which is \$1510. This indicates that Plymouth is in a relatively favorable position in the amount of its taxable property to support its school program as compared with that of towns taken for comparison. There are ten towns that have more taxable property per capita but there are fourteen that have less. The table shows where Plymouth stood on three different indices of schools costs. First, how did our school tax rate for 1946 compare with that of the other communities? In seventeen towns the school tax was higher and in seven lower. Second, how did the proportion that the Plymouth school tax bears to the total town tax compare with that of the other twenty-four towns? In sixteen towns the schools received a large share of the tax dollar than in Plymouth and eight a smaller share. Third how did Plymouth's cost per pupil in 1946-47 compare with that of the other twenty-four towns? Seventeen towns expended more per pupil than Plymouth and seven less. On all three indices of school costs Plymouth is found in the lower third of the group. This is due in

large part to the fact that we do not have as many teachers for our pupil population as does the average town in the group. As indicated earlier in this report we are at present in need of more classrooms and more teachers in order to eliminate or reduce the number of our oversized classes. That this need will steadily increase beginning as soon as September 1949 is clearly indicated in Tables I to III preceding.

In closing this brief report may I say that I find much personal satisfaction in cooperating with the members of the School Committee and of the Department staff, both in pursuing our immediate purposes of providing worthy educational opportunities for the boys and girls now in our schools and in the necessary advance planning for the larger numbers anticipated in future years.

Respectfully submitted,

BURR F. JONES

REPORT OF SENIOR HIGH SCHOOL

On January 1, 1947, the enrollment in the high school was 439. On January 1, 1948, the enrollment is 459. This increase was absorbed in the present school organization without adding to the faculty because distribution of pupil choices of subjects permitted increase in the size of class divisions, and, since many more pupils than formerly are now carrying five rather than four subjects, increase in the number of class divisions was offset to some extent by decrease in the number of study-halls. This made it possible to reassign teachers released from study-hall responsibilities to class rooms. This has not been effected without some minor hardship such as oversized class divisions and teaching schedules of five rather than four periods but the inequities have been kept at a minimum.

However, with a graduating class of 124 and a probable entering class of 175 the increase in next year's school will almost certainly call for an additional staff member and classroom. At present, with $17\frac{1}{2}$ rooms at our disposal for six periods a day, only one room, one period a day, is not assigned.

At the beginning of the second semester in February of last year Mr. Packard returned from service in the Navy and resumed his duties as head of the Science Department. Mr. Young, who had been teaching those classes, thereupon moved into the Biology position to which he had been elected when Mr. Kingman's illness made it impossible from him to continue, and Mr. Smiley assumed the duties entailed by the establishing of a course in Pre-Driven Training at the direction of the School Committee.

During the spring semester Mr. Smiley worked with Mr. Fanning of the Motor Vehicles Division of the Department of Public Safety to re-organize this course, with the result that on the opening of school this past September we were able to announce a course in Driver

Training with behind-the-wheel instruction. The dual-control training car is provided by the Pontiac Division of General Motors.

This year, as last, admission to the colleges have about six times as many applications as they have vacancies. Because of this pressure most of the colleges have changed their admission procedures and for the most part are now requiring examinations—either scholastic aptitudes, or achievement tests in three major fields, or both—to help them in processing this tremendous number of applicants. This school, to help its students who hope to go to college, has set up a schedule of special classes meeting after school hours each day in the week. A different subject is scheduled for each day.

During the past school year the following items of equipment were purchased out of funds raised by the student body through plays, club, etc.:— (1) From the War Assets Administration a radio transmitter and receiver, value \$1000, by the Science Club for only \$15; (2) A wire recorder purchased by the English Department for use in "Correct Speech," \$170; (3) A radio tuner to make possible the reception of outside programs, such as Columbia's School of the Air, for use in class rooms, \$35.

EDGAR J. MONGAN,

Principal

REPORTS OF SPECIAL DEPARTMENTS

Vocal Music—Mrs. Frances H. Picard, Teacher

Music is a powerful influence in enriching the lives of children. In our school system we endeavor to teach the girls and boys how to appreciate and gain satisfaction from competent achievement.

Throughout the schools music is taught according to a carefully graded course of study. Considering the fact that the time allotment is limited, the results are gratifying.

The culmination of elementary school music manifests itself in the musical groups of the Junior High School and Senior High School. Each group contributes to the musical activities of school as well as to the various civic groups throughout the town. Each appearance has proved their ability and has been a source of satisfaction to all concerned.

The music supervisor's time is scheduled as follows: Junior High School, fifty per cent; Elementary Schools, fifty per cent. There is no time during the school day allotted to Senior High School. The Girls' Glee Club and Octette are entirely extra-curricular activities. It is clear that further opportunities in music should be open to those senior high pupils whose musical abilities and appreciations would guarantee a personal interest in further courses. I therefore strongly recommend that a departmental teacher of music be provided for Junior High School thereby allowing the supervisor additional time for elementary schools and Senior High School. There is abundant musical talent in our schools. To develop it to a higher degree, this recommendation is made for the consideration of the school authorities.

Instrumental Music—John Pacheco, Teacher

The past year has seen the instrumental program make real progress, especially so in the elementary grades, where the groundwork is laid for a successful program.

Hedge School, having an auditorium, has the correct setup. There a good instrumental group was formed. This group later appeared in the St. Mary's Youth Show and in the Kiwanis music night entertainment as well as in numerous programs that the school presented. The Hedge School group was the nucleus of the elementary orchestra that performed for the all-school Music Night in June. In the orchestra were representatives from the four elementary schools. This year the instrumental music program in Junior High School has received twenty new members from the elementary schools.

In Junior High School, the band had forty-five members and rehearsed three times a week, two rehearsals during school time and one after school. The band participated in the Memorial Day exercises and the Firemen's Memorial program. At the latter exercises we were the only musical organization participating. The band also played at many school programs and gave its annual May concert in Memorial Hall. For the first time since the war, the band went to the Eastern Massachusetts State Musical Festival, held in Medford, where playing a competitive piece of music before a judge it received the rating of "excellent". It is hoped that our Junior High Band will maintain this high rating.

The Junior High orchestra was organized with a total of twenty-five members, rehearsing once a week after school. They also rehearse once a week with the Senior group. The orchestra performed at all social functions of the school, and combined with the senior group, at the Woman's Club program, the St. Mary's Catholic Guild, and the Barachias program, and at the all school Music Night in June.

Also under instrumental music in Junior High comes our select group, the Drum Major Corps. The competition for membership is very keen and scholastic standing has to be high. This group rehearses once a week after school, and has thirty-six members. The group accompanies the band when on parade and has become as much of an attraction as the band. The corps paraded

REPORT OF ELEMENTARY SCHOOLS

One of the accomplishments of the elementary school staff during the past year has been to formulate a new card for reporting pupil progress to parents. This card has been in use, in tentative form, since the beginning of the fall term. It is an improvement over the former card in that it gives a more inclusive evaluation of pupil traits and characteristics as well as of the pupil's progress in developing essential knowledge and skills. It is hoped that this report card will not only rate the child but will also help in guiding him.

The social studies curriculum continues to be in the process of development. The strengthening of the geography program in grade six has been made possible by the addition of new texts in the subject.

The school lunch project has been growing steadily for the past four years. The average number of children for whom hot lunch is provided each day is now 320. This figure is more than double the number that were served when the present program started in 1943. This growth is the result of opening a lunch room at the Hedge School in September 1946, and at the Manomet School in September 1947.

Service activities engaged in by the elementary school pupils during the past year are as follows:

1. Contribution of \$81.06 to Junior Red Cross.
2. Eighty-eight bags, or 1,760 pounds, of clothing collected for needy children in other parts of the world.
3. Collection of \$64.06 from the sale of Christmas Seals.
4. Donation of \$25 to the Bailey Health Camp.

For the elementary schools to function with a maximum of service to the pupils, several major needs require attention in the near future. These needs are as follows:

1. A new building or buildings to replace the obsolete and inadequate Cornish-Burton, and Cold Spring Schools.

2. Additions to other buildings to allow for less crowded classrooms, and thus increase teacher efficiency.
3. Assembly halls for the Mt. Pleasant and Manomet Schools.
4. Further grading of play areas at the Hedge School.
5. Sound motion picture projectors for the Mt. Pleasant and Manomet Schools and a strip-film projector for use in all the schools.
6. A portable dental chair for use at the Manomet, Mt. Pleasant, Cold Spring, and Oak Street Schools.
7. Scientific equipment and materials to make the teaching of science more effective.

Respectfully submitted,

ELOUISE E. CASHIN
HELEN S. MANCHESTER
FRANKLYN O. WHITE

REPORT OF THE JUNIOR HIGH SCHOOL

Since the opening of the present school year Sept. 3, 1947, 605 students have been enrolled, the largest number at any one time being 598. Of these 21 are from Carver and 21 from Plympton.

There are five seventh-grade divisions averaging 38 pupils. The seating capacity and varying sizes of available classrooms will require the division of the present seventh grade into six eighth-grade classes next year, if the pupils of this grade are to be served satisfactorily.

A minimum amount of music work is carried on in the Junior High School because of the limited number of periods in the school day. All music classes are assigned to the supervisor of music, who is forced to cancel them when special duties arise demanding her presence elsewhere. Thus, fully one-third of the work was omitted during the fall term. If the high standards of group music established in the past are to be maintained, it would seem advisable to assign this work to a teacher of music to serve under the direction of the music supervisor.

Work in the shops is expanding. The report of the Manual Arts Department sets forth this situation as follows:

"With materials now available, more attention is being given to metal work. Projects in wood, wood and metal, or all metal tend to add interest as well as to broaden the scope of our work. Both wrought iron and the thinner sheet metals are being used.

"Work in plastics is being developed as an activity to follow metal work, since it involves a knowledge and use of woodwork and metal tools and processes.

"Through the purchase from school-earned funds of a strip-film machine and a complete set of films on woodwork, mechanical drawing, and first aid, we are able to present our subject more efficiently than through the lecture and demonstration method."

An opaque projector, obtained from War Surplus supplies has been added to the visual education equipment.

Last year the allowance for text books, which have advanced in price, was cut to such an extent that much of our order was cancelled. The library order was entirely eliminated, but books have been obtained from school earnings and as a gift from the 1947 graduating class.

Children with problems, those who need more adequate home supervision, and those who need special help are continuously being brought to our attention. The work of the school nurse, the juvenile probation officer, and the social service worker is of inestimable value. A child guidance clinic in Plymouth would serve children of this town and district to advantage.

In closing this report, the following recommendations are made:

1. The appointment of an additional teacher for 1948-1949 because of the necessity of adding another seventh-grade division.
2. The appointment of a teacher for the class work in music in 1948-1949.
3. An adequate appropriation for text books.

MARY M. DOLAN

Principal

C. Elementary Program—Carolyn Parren, Teacher

The elementary physical education program for 1947 has found the pupils of the first six grades participating wholeheartedly in indoor and outdoor activities.

During the winter months classes are held indoors for the most part. Activities are prepared for the classroom, playroom, and recess periods which can be used by the classroom teachers whenever pupils need a change of pace or a greater variety.

Square dancing, ballroom dancing, grand marching, postural and formal gymnastics, as well as organized games were on the schedule for the four upper grades.

Newcomb, volleyball, softball, and Emperor ball gave a chance for class competition in the fifth and sixth grades during the spring and fall months.

The first and second graders had activities in the classroom, playroom, and on the playground. The willingness of these younger pupils made it easy to introduce circle games, stunts, singing games, ball games, relay races, and posture activities in the form of story plays and imitative exercises.

In April thirty-two children of the Hedge School were guests of the Plymouth Civic Association Auxilary. The pupils demonstrated American square dances, Swedish and Danish folk dances, a ballroom routine, and an indoor game.

It is recommended that larger play areas at the Hedge School be graded and surfaced. This playground is now a crowded area and the pupils are unable to enjoy ball games during recess periods. Areas devoted to ball games of any sort should be developed on those parts of the playground removed from the lake.

Adult Civic Education—Mrs. Helen P. Muthig, Director

The Adult Civic Education Classes were held for forty sessions during 1946-47. The classes met twice a week on Tuesday and Thursday as follows: Harris Hall, Plymouth Cordage at 3:45 p.m., Cornish School 7:15 p.m.

A Home Study course was used for those unable to attend class. English and citizenship were offered. Members were helped to overcome difficulties in language, social customs, and in clarifying problems in Immigration and Naturalization.

Through a better understanding and appreciation of our common citizenship and of our common inheritance of democracy among those enrolled in our classes throughout the country there should develop a greater unity and stronger feeling of mutual goodwill among the peoples of the United States.

Pottery Vocational School—Katherine Alden, Instructor

The Plymouth Pottery classes at the old Sparrow House have maintained the usual total of forty enrollments in the three groups, attendance in the evening groups being a little more constant than in the daytime class.

The instructor spent January in California visiting all sorts of potteries and potters.

At the Plymouth Pottery we have steadily maintained standards. This has made the pottery produced by the Guild membership increasingly attractive to our summer buying public. Also membership in the Guild brings increased incentive and honor to those pupils who will be eligible for the invitation to join. Three new members have been added this year.

We look forward to an active 1948—and the ever increasing waiting list is some indication of the popularity of our work.

As to our needs—one of the major needs is time, more time definitely assigned to art so that proper habits may be formed. A second major need is that of a highly integrated program so that the habits, attitudes, and knowledge learned in the art periods may have an opportunity for practical application and that the needs of other subject matter may be a motivating force in the accomplishments of the art periods.

Physical Education

A. Junior-Senior High School Boys—John H. Walker, Teacher

CLASS ACTIVITIES

All boys are examined by the school physician to determine whether they should be allowed to participate without restriction in the Physical Education program. The daily class work consists of tumbling, apparatus work, calisthenics, teaching of game and sports fundamentals and participation in class games. Through our class work we try to improve posture and all body mechanics, teach the values of good appearance, and increase the physical efficiency of each pupil as much as is possible in the short time allotted for this work.

INTRAMURAL SPORTS

Intramural sports are becoming increasingly important in the over-all picture of school activities. Intramurals give many students the opportunity to put to use the fundamental skills and games that are taught and developed in the class work. Participation in intramurals is restricted to boys who are not members of varsity athletic squads.

Home-room leagues in Junior High School function in tag football, basketball, and baseball, with appropriate trophies awarded at school assemblies to the winners. Eligibility rules are enforced and, as a result, the intramural program has proved to be a valuable incentive to the pupils to do well their academic work and has greatly lessened the disciplinary problems.

Senior High School leagues in volleyball, basketball, and badminton are participated in with much enthusiasm by at least fifty percent of the total enrollment of the boys. The combination of class work and intramurals is the foundation on which the varsity teams are built.

Our primary aims in varsity sports are the development of good sportsmanship, leadership qualities, self-discipline, and the feeling of loyalty to the group. The will to win is inherent in every individual, and in varsity sports we are careful not to lose sight of the other values that can be secured from a desirable program. The intensive practice required naturally increases the participant's physical well-being, emphasizes the need for good health habits and clean living, and helps prepare the student for later life.

Competition among schools is carried on in football, basketball, track, and baseball. All participants must have parental consent and carry insurance issued under the auspices of the Headmasters' Association.

B. Junior-Senior High School Girls—Jeanne Fabian, Teacher

The seventh-grade girls receive one period of gymnastics per week. Girls in the eighth and ninth grades have two training periods per week. The general program includes: marching and posture exercises; apparatus work; social, folk, and square dances; individual skills; and group activities including games and sports. The ninth-grade pupils have interclass competition in field hockey, basketball, and softball.

Each Senior High group is given one training period per week. Class groups are organized in field hockey, basketball, and softball for girls in the sophomore, junior and senior groups. The seniors also engage in competitive contests with high schools in nearby towns in those games recognized as being adapted to girls, namely, field hockey, basketball, and softball.

with the band at the Eastern Mass. Music Festival in Medford and with the band were the only Junior High School groups mentioned by the Boston papers, so far as we could determine.

In Senior High School, the band is improving in size and quality as it receives larger numbers from the Junior High Band. This past year the band had twenty members, played at all the football rallies, school assemblies, and at some of the football games. It rehearses once a week after school. This group musically was an excellent one and, combined with some members of the junior group, were kept busy playing for numerous school programs and civic programs.

It would be our wish that instrumental music be incorporated in the school schedule and receive as much consideration as the Three R's.

Art

A. Junior and Senior High—Mrs. Margaret E. Brown, Teacher.

The art classes in Junior High continued their lessons in design, color, life drawing, and interior decorating during the spring term. Place cards for the veteran's hospital, illustrations for the school paper, and posters for the Spring Band Concert were among the contributions to school activities. Lettering and modern design were stressed in the fall term and folders were designed for art and music classes.

The High School work during the first part of 1947 consisted of large life drawings in charcoal and colored pencil. Illustrations in the annual school publication, graduation decorations, and original designs for wall papers and fabrics were made. High School work in the fall term began with outdoor sketching. Some fine pencil sketches and pen-and-ink sketches were made on the Green and in Brewster Parfl. These were on exhibition in the different home rooms of the High School during Art and Education weeks. Later these sketches will be developed into block prints.

An important change in the art program this year has been the addition of another period for High School. One project undertaken was the renovation of the entire interior stage set. The increased number of High School art students brings an urgent need for more equipment. This has not been possible up to the present time, but it is hoped that something may soon be done to improve this condition. Art education increases the pupils enjoyment of living. Also several of our graduates go on to art school each year. This June the Avery Prize scholarship for special talent was awarded to a very talented and outstanding boy in our art classes.

B. Elementary and Junior High—Hazel Bates, Teacher

In working with younger children in the field of art, our objectives go beyond mere facility in drawing and include the development of certain fundamental attitudes, abilities, and habits including the following:

- (a) Clear, concise thinking.
- (b) The ability to apply a fundamental principle to the solution of a specific problem.
- (c) The habit of approaching a new problem from the point of view of:
 - 1. What have I learned that will help me solve this problem?
 - 2. Where can I find further information to help me solve this problem?
- (d) Willingness to make one's own decisions.
- (e) The ability to work harmoniously in a group either as a leader or a follower.
- (f) An appreciation of the fine and beautiful in life.

It is believed that a greater percent of our boys and girls have made progress in these directions in recent years. The day when the child was expected to be entirely dependent on the teacher as the source of all knowledge is passed. Rather is the teacher the coach on the side lines, who has given his team the rules of the game, and stands by to help the members of the team achieve the goal, if their own resources should fail them.

REPORT OF SCHOOL HEALTH DEPARTMENT

The year 1947 was outstanding in that there were fewer cases of contagious diseases than there have been for some years past. Scarlet fever cases in particular were much less numerous than before. Considering the number of children who have had their tonsils removed in the past two years, one wonders whether this fact may not account, in part at least, for the decrease in the number of cases of scarlet fever. This procedure may have lessened the number of potential carriers of the infecting organism.

Another outstanding fact this year is the increased cooperation of parents in the correction of defects.

The annual physical examinations of all children were completed as usual. In general the health of the school population as a whole seems improved over previous years with the possibility of one exception, namely posture. The number of students, particularly in the Junior and Senior High Schools, who have poor posture with potential curvatures was found to be larger in the fall examinations. A greater number of pupils who had never been considered abnormal in posture showed definite defects in a relatively short span of time. We are not yet able to account for this.

We are taking children to various clinics whenever and wherever the needed services can be secured and are still hoping for a child guidance clinic here in Plymouth. On the whole, we feel that the health program in our schools is on a high level and we intend to work to keep it so.

STATISTICS — 1947

Physical examinations	2356
Inspected by school physicians	291
Pupils re-admitted by school physician	191
Pupils re-admitted by family physician	193
Pupils re-admitted to school after having a contagious disease	145
Inspections by school nurse in school	834
Home visits by nurse	256
Pupils excluded by nurse	235
Pupils taken to hospitals and clinics out of town	126
Pupils weighed and measured	2345
Pupils given first-aid treatment in schools	256
Pupils excluded by school physicians	43

REPORT OF ORAL HYGIENE DEPARTMENT AND DENTAL CLINIC

It is our earnest desire to develop in boys and girls during their growing years those attitudes and habits necessary to sound dental health.

THE DENTAL HYGIENIST IS AVAILABLE FOR —

1. Classroom instruction in dental health practices, such as: regular visits to the dentist, daily home care, and proper nutrition.

Oral hygiene lessons given to pupils in 1947... 357

2. Periodic cleaning of the teeth in elementary grades.

Pupils having teeth cleaned by Hygienist
in 1947 933

3. Pre-school Examinations, May 1947.

Number of inspections 110

Children found free from defects 52

Children receiving attention of family
dentist 48

4. Well-Child Conferences.

Attended in 1947 2

Mothers interviewed and babies seen 20

THE SCHOOL DENTISTS ARE AVAILABLE FOR —

1. Annual examinations of the teeth of the pupils in the Elementary, Junior, and Senior High Schools.

Parents are notified of the results of the examination. Needed corrections are brought to the attention of parents through follow-up by the dental hygienist and teachers.

Pupils examined in Elementary Schools and Junior High September 1947 1716

Pupils found to have all needed correction made 607

Pupils found to have certificate from family dentist 62

Pupils examined in Senior High School 435

Pupils found to have all needed corrections made 140

2. Reparative work at the dental clinic—which is limited largely to the first and second grade pupils whose parents are not so circumstanced as to have the needed work done by family dentist.

DENTAL CORRECTIONS MADE

Results June 1947

HONOR CLASSES

(At least 50% of pupils with corrections made)

Mt. Pleasant School		Hedge School		Cornish School	
*Grade 1	100%	Grade 1	53%	Grade 1	69%
Grade 2	61%	Grade 1	50%	Grade 1	50%

Grade 6	60%	Grade 4	58%	Grade 5	61%
		Grade 4	68%	Grade 6	57%
		Grade 5	77%	Grade 6	50%
		Grade 5	58%		
		Grade 6	60%		
Oak Street School		Cold Spring School		Manomet School	
Grades 1 & 2	50%	Grades 1	63%	Grades 1 & 2	58%
Grades 3 & 4	83%	Grades 2 & 3	59%		

*Much credit is due the teacher, parents, and pupils for attaining our goal of 100 percent in dental corrections.

DENTAL WORK AT CLINICS

Sodium Fluoride

This year an experimental study has been started to help control decay in children's teeth through the application of sodium flouride four times a year. The child is required to brush his teeth faithfully, visit the dentist three times a year, and eat foods rich in vitamins and minerals. We hope to see some interesting results from this study.

Summary

Permanent teeth filled (six-year molars)	228
Permanent teeth extracted (six-year molars) in grades 3, 4, 5	16
Baby teeth extracted	160
Treatments (including x-ray)	134
Pupils having sodium flouride treatment	16
Pupils having all corrections made	106
Pupils having had part of corrections made	16
Amount received for cleaning of teeth	\$86.70
Amount received for filling and extractions	27.20
Amount received for tooth brushes sold	27.92
<hr/>	
Total amount received at clinic	\$141.82

Respectfully submitted,

JANE B. BRADFORD
